

COMMENDS BRITISH DEBT SETTLEMENT TO CONGRESS

President Addresses Joint Session, Presents Commission Report and Urges Ship Subsidy

(BY A. P. NIGHT WIRE)

WASHINGTON, Feb. 7.—The complete text of President Harding's address to a joint session of the Congress today on the British debt follows:

"You have been asked to assemble in joint session in order that I may submit to you the report of the World War Foreign Debt Commission covering its accepted proposal for the funding of the debt due to the United States from the government of Great Britain. This report, concluded on Feb. 2, 1922, reads as follows:

"The World War Foreign Debt Commission created under the act of Congress, having received the mission appointed by the British government to consider the funding of the debts obligations of the government held by the United States, reports as follows:

"The British government designated as its representatives the Rt. Hon. Stanley Baldwin, Chancellor of the Exchequer, and Mr. Ottoline Norman, the governor of the Bank of England, who have conferred with the commission in Washington and presented facts relating to the position of the

BOX CAR YIELDS COLD TENANT

New Orleans Lad Headed for Life on Pacific Gets Jail Comforts

(EXCLUSIVE DISPATCH)
DOUGLAS (Ariz.) Feb. 7.—A 16-year-old lad, who gave his name as Harve d'Aquin of New Orleans, was extricated from a west-bound box car and is being held in the comfort of the local jail till his parents are heard from. He stated his trip from the Mississippi had consumed just six days, but that he had suffered little discomfort from cold until he reached the Arizona line. He had planned a sailor's life, with intention to ship from Los Angeles or San Francisco for foreign lands.

ORIGINAL TERMS DROPPED

"It became manifest at the outset that it would not be possible to settle the debt within the limits of the act as originally proposed. Within the limits of the act, however, the commission has, therefore, considered the practicability of a settlement on some other basis and this is what has been done in the sense of authority under the law, to conclude negotiations if it unanimously recommends for submission to Congress a settlement with the British government as follows:

"Interest accrued and unpaid up to Dec. 15, 1922, at the rate of 4% per cent, \$629,326,196.95. Total deduct payments, Oct. 15, 1922, and Nov. 5, 1922, with interest at 4% per cent thereon to Dec. 15, 1922, \$10,526,279.49. Total to be paid in cash, \$4,128,385.74.

"Interest accrued and unpaid up to Dec. 15, 1922, for which British government bonds are to be issued to the United States government at par, \$4,600,000,000.

PRINCIPAL OF BONDS

"The principal of the bonds shall be paid in annual installments on a fixed schedule, subject to the right of the British government to make these payments in three-year periods. The amount of the first year's installment will be \$175,000,000. Each subsequent installment will increase with due regularity during the life of the bonds until, in the sixty-second year, the amount of the installments will be \$175,000,000, the aggregate incalculable being equal to the total principal of the debt.

"The British government shall have the right to pay off additional amounts of the principal of the bonds on any interest date upon giving 60 days' previous notice.

"Interest is to be payable at the following rates on December 15 and June 15 of each year: Three per cent semiannually, June 15, 1923, to Dec. 15, 1922, inclusive; 3 1/2 per cent semiannually, June 15, 1923, until final payment.

"For the first five years, one-half the interest may be deferred and added to the principal, bonds to be issued therefor similar to those of the original issue.

"An agreement of interest or of principal may be made in any United States government bonds issued since April 6, 1917, such bonds to be taken at par and accepted.

ACTION URGENT

"Ordinarily, I should be reluctant to add this question to a Committee's program, but the world is staggering in discouragement and bowed with the sorrows of war that were and fears of war which humanity is praying to end. I am, however, compelled to do my duty to you, with the earnest recommendation that it be given, as far as legislative procedure will admit, a cordial and prompt approval.

IF FAIR AND JUST

"The commission believes that a settlement of the British debt to the United States on this basis is fair and just to both governments and that its prompt adoption will make a most important contribution to international stability. The extension of payment both of the principal and interest over a long period will make for stability in exchange and promotion of commercial relations between the two countries.

"The payment of principal has been established on a basis of positive installments of increasing volume, firmly establishing the principle of repayment of the principal capital.

"The payment of interest has been established at the approximately normal rates payable by strong governments over long terms of years.

"It has not been the thought of the commission that it would be just to demand over a long period the high rate of interest naturally maintained during the war and resulting from the war, but it is to be expected that our efforts at settlement. Beyond this the commission has felt that the present differences of unemployment and high taxation in the two countries should be met with suitable consideration during the early years and, therefore, the commission considers it feasible and desirable that the payment of interest over the next few years should be made on such basis and with such flexibility as will encourage economic recuperation not only in the countries immediately concerned, but throughout the world.

OF UTMOST SIGNIFICANCE

"This settlement between the British government and the United States has the utmost significance. It is a business settlement, fully preserving the integrity of the obligations, and it represents the first great step in the readjustment of the intergovernmental obligations growing out of the war.

"It is respectfully submitted,

"A. W. MELLON," Chairman.

"CHARLES E. HUGHES,
HERBERT HOOVER,
REED SMITH,
THOMAS E. BURTON."

"The comments upon the arrangement made by the commission itself has said everything necessary to command the agreement to your sanction.

Note that the commission urges that the settlement is on a basis which will enable us to begin negotiations and will make a most important contribution to the international stability. More important still is the closing observation that it is a business settlement fully preserving the integrity of the obligations, and it represents the first great step in the readjustment of the intergovernmental obligations growing out of the war.

"In these observations I most heartily concur. The spirit of the world today is for integrity of agreements, the sanctity of covenants, the validity of contracts. Here is the first clearing of the war-clouded skies in a debt-burdened world, and the sincere attempt of one great nation to validate its financial pledges and discharge its obligations in the highest sense of financial honor.

"There is no purpose to report that the commission has given a hard bargain with Great Britain or to do a less scrofulously in proclaiming a rare generosity in settlement. Amid widespread clamor for a cancellation of World War debts, fact, but falls

clamor toward some a claim not limited to the lands of debtor nations but insisted among

NOTED ASTRONOMER ONE OF ORIGINAL OBSERVERS ON MT. HAMILTON

(BY A. P. NIGHT WIRE)

SAN JOSE, Feb. 7.—Prof. Edward Emerson Barnard of Yerkes Observatory, Williams Bay, Wis., who died yesterday, was a member of the original staff of Lick Observatory on Mt. Hamilton, near here. Prof. W. W. Campbell, its director, said today.

"Coming to Mt. Hamilton in 1887, before the observatory was formally opened, he remained here until 1891, when he became director of the Yerkes Observatory.

"I hope that it will not be another dispatch from Ems," said Gen. Pelle.

AMERICAN ARMY ALL BACK HOME

Warriors and Families Get
Reception at Savannah

Last Thousand' Arrives on
Transport, St. Mihiel

Four Long-Service Men From
California Return

(Continued from First Page)

nah she was greeted by a salvo from two historic cannon, presented to the Chatham artillery by George Washington, and from a battery of French trophies of the World War. The soldiers answered each blast with cheers. Bells whistled and sirens throughout the city and on river craft took up the cry.

Spectators scattered along a mile and a half of water front, kept pace with the transport as she sped up the river.

They stormed the docks, overpowering police guards. Fire hose was brought into play to clear the way about the ship. The stream of water struck the reception of the Congressional reception

committee just as the party boarded the transport. The Congressional committee, including Senator Hart and Representative John Linzberger, Scott Conley and Bulwinkle, were met abroad ship by Col. Walter T. Bates of the Eighth Infantry, in command of the troops. Debarkation followed the formal welcome.

The married soldiers stayed aboard with their families. Their comrades formed to parade through the city. They were reviewed by Maj. Gen. Farnsworth and Maj.-Gen. Shanks.

LEGION POST IS ACTIVE

After the parade, the enlisted men were guests at a barbecue arranged by the local American Legion Post.

A dance for the enlisted men and a banquet for the officers kept the arrivals occupied tonight.

The St. Mihiel brought back 900 officers and men, comprising two battalions and a service company of the Eighth Infantry, a detachment of the First Engineers, who wear their blue uniforms, the Twenty-ninth Cavalry, the Twentieth Service Company, Signal Corps and a detachment of Medical Corps men. The First Battalion and service company of the Eighth Infantry will be stationed here at Fort Savannah.

The Third Battalion will go to Fort Moultrie, S. C. to join the Second Battalion there. The engineers aboard, with the Signal and Medical Corps men will be landed at New York.

The St. Mihiel was expected to be in San Francisco tomorrow morning for California, but it was said the ship might be held over here until tomorrow.

Nearly every State in the Union is represented in the personnel landed by the transport, although almost half the enlisted men were reported from Southern states.

Debarkation today divided its interest between the returning doughboys and their foreign-born wives. The wives were given first place at the transport's rail as the men were given last.

Debarkation greetings shouted to them from the shore, several holding up children for a glimpse of the throng lining the water front.

SEVENTY-ONE WIVES

There were sixty-five German wives, four French and two Belgian, also the transports carried with them four children.

The families of twenty-four soldiers are to be stationed at Fort Screven, while the others will be landed at Charleston and New York by special department officers who will be served with the same forces at Coblenz.

"A number of the men," he said, "will need hospital care for some illness or other. Practically all of them who are to be discharged will be here and are anxious to get a job, to get married and have a family. The families of twenty-four soldiers are to be stationed at Fort Screven, while the others will be landed at Charleston and New York by special department officers who will be served with the same forces at Coblenz."

The miners, who have been

on strike for February 16 unless the workers are granted large wage increases by February 15.

The miners served the ultimatum

to the coal companies of the

French coal and iron trust.

The miners claim that the cost of living has increased greatly in the last month

and that they are in sympathy

with the strike of 70,000 German

miners in the Saar basin.

The coal producers say that the miners simply seized this critical

time to make their demands.

A THRILL

HOSPITAL CLUB NOW DEDICATED

Masons Erect Building in New Mexico

Grand Master Present and Makes Address

Sojourners' Are in Charge of New Structure

[EXCLUSIVE DISPATCH]

FORT BAYARD (N. M.) Feb. 7.—With national officers of the Masonic Order taking part in the ceremony, and hundreds of visiting Masons, their families and friends present from Texas, New Mexico and Arizona, the Sojourners' Club Building was dedicated here this afternoon to the use of the sick and wounded veterans of the World War.

The building is a handsome two-story, stucco structure, costing with furnishings, about \$25,000. The sum was raised by Masonic lodges and turned over to the Sojourners' Club, an organization made up of the Masons among personnel and patients of the hospital.

The guest of honor and the principal figure of the dedication ceremony was Louis Abbott of Boston, Supreme Grand Commander of the Northern Jurisdiction, Scottish Rite. He came from Boston just to be present at this ceremony. In an impressive address he spoke of the debt of gratitude the nation owes to the veterans and decided that it was a pleasure for the Masonic Order to be of service to these sick and wounded men. He leaves tomorrow for California to visit the lodges of that State.

THOUSANDS PRESENT

Approximately 1,000 persons witnessed the ceremony, which began at 2:30 p.m. Maj. W. R. Leverton, the commanding officer of the hospital, made the address of welcome. He was surrounded by Masons in uniform, in a gay olive drab uniforms and Sam Brown belt. George M. Adams, president of the Sojourners' Club, followed Maj. Leverton, and in a few telling words extended a welcome for the Masonic Order to be of service to these sick and wounded men. He leaves tomorrow for California to visit the lodges of that State.

An impressive dedication ceremony with Masonic Rites was conducted by Louis C. Dills, grand master of the Masons of New Mexico. R. H. Hanna, inspector-general of the Southern Jurisdiction of the Scottish Rite, introduced Grand Commander Louis Abbott.

Francis R. Lester, past Grand Commander of New Mexico, responded to Grand Commander Abbott's address. He said that all Masons were glad to lend their efforts toward the welfare of the sick and wounded, and spoke of the work the government is doing in this, the largest and best of all the government tubercular sanitariums.

The meeting opened with an invocation by Chaplain R. C. Edwards, a Methodist minister who lives at Fort Bayard.

Fort Bayard is a complete little community in itself. It has a population of 1,000, including patients, employees and their families. It was laid out by army engineers with true military precision. It is a little town of fifteen houses. The soldiers were stationed here to combat the Jicarillo Apache and Ute. It is planned in city blocks with very wide streets. The wards, where the patients are cared for, are scattered throughout the community.

LOCATION EXCELLENT

The Sojourners' Club building is located advantageously, overlooking the entire camp on the southern and western western street of the camp. From its verandas and windows splendid views of the nearby Magellan Mountains are had. It faces the east and looks directly toward the Kneeling Nun and her mountain altar, one of the features of mountain scenery of the Southwest.

The building is of Spanish-American type. It combines Moorish architecture and Pueblo Indian style. Its wide front porch and pillars of rough-hewn New Mexico mountain pine give it a singular appearance.

The \$25,000 used in the building was donated by the Supreme Council of the Scottish Rite of the Northern Jurisdiction. In addition, donations of \$500 each were made by the grand lodges of New Jersey, California, North Dakota and Oklahoma.

The building is not completely furnished. The Grand Lodge of Texas furnished the lounging-room handsomely and attractively. New Mexico gave \$1,000 for the library room. The Lodge of Los Angeles donated \$1,500 to furnish the auditorium, which will seat 400 persons. It is also equipped with a motion-picture machine.

A meeting was held in the auditorium in the evening, at which Rev. Louis Abbott, grand master of New Mexico presided. The principal speakers were George F. Morgan, past grand master of the Randall Masonic Service Club at El Paso and Arthur Hartman, general secretary of the Sojourners' Club. Messages of congratulations were received from every grand jurisdiction, and from

HONEYMOON TRIP ENDS SUDDENLY

Car of Couple Goes Into Ditch as Driver Gets Too Sleepy

[EXCLUSIVE DISPATCH]

TOMBSTONE (Ariz.) Feb. 7.—A honeymoon excursion, too much hurried, has been brought to a sudden stop in Tombstone. A young couple, name not divulged, riding in a new automobile, found themselves in the ditch at night in the outskirts of this city, the car on its side and its top smashed, but themselves and their machine not materially injured. It was explained by the driver that, following the wedding at San Diego, he had driven from that point continuously in an effort to reach El Paso at the earliest moment, and that it is probable he was overcome by sleep while at the wheel.

a number of prominent public officials.

This is the first social service building the Masons have erected in a government hospital, and is significant in the fact that, if the experiment proves successful, similar buildings, probably will be built in other hospitals.

BAR RAISED ON NEGROES BY MEXICO

Colored Immigrants From United States Are Not Wanted in South

[EXCLUSIVE DISPATCH] MEXICO CITY, Feb. 7.—Negro colonists are not wanted in Mexico, is the notice which the Department of the Interior has sent to all customs houses on the border, ordering the strictest vigilance to prevent negroes from entering Mexico.

Several months ago President Obregon, in his order respecting of country or race on the question of immigration provided the people were moral and likely to become good citizens. In the same interview he asserted that negroes were not good prospective colonists. Mexico already has had the problem of assimilating large bodies of native Indians, and the President felt that it would be wise to increase the complexity of the question.

SILK TRADE EXPERTS TO SEE FIELDS

Second American Mission Will Study Problems of Supply Sources

[EXCLUSIVE DISPATCH] NEW YORK, Feb. 7.—The steamship President Cleveland will leave San Francisco on the 22nd inst. for Yokohama, having on board the second American silk mission, bound for a five months' inspection trip of the raw silk producing regions of Japan and China. It is in line with the efforts of the silk industry of the United States to learn of the methods of Japan's raw silk to learn at first hand the problems confronting sources of supply. More firms to cement producers and consumers and to interchange ideas and views. Japanese growers are held in mind at the time.

The American delegation includes James A. Goldsmith, president of the Silk Association of America; E. A. Atwood, of the Atwood Machine Company; E. F. Bayer, Jr. of the Julius Kayser Company; Ward C. Austin, Cheyenne Brothers; D. E. Douty, general manager of the United States Testing Company, and R. K. Schwartz, of the same concern.

The building is not completely furnished. The Grand Lodge of Texas furnished the lounging-room handsomely and attractively. New Mexico gave \$1,000 for the library room. The Lodge of Los Angeles donated \$1,500 to furnish the auditorium, which will seat 400 persons. It is also equipped with a motion-picture machine.

A meeting was held in the auditorium in the evening, at which Rev. Louis Abbott, grand master of New Mexico presided. The principal speakers were George F. Morgan, past grand master of the Randall Masonic Service Club at El Paso and Arthur Hartman, general secretary of the Sojourners' Club. Messages of congratulations were received from every grand jurisdiction, and from

Mrs. Ellen Brophy Plans Institution at Douglas for Order of Loretto

[EXCLUSIVE DISPATCH]

DOUGLAS (Ariz.) Feb. 7.—Mrs. Ellen Brophy, of Los Angeles, widow of the late William H. Brophy, will bear the \$80,000 cost of erection and furnishing of a convent to be under charge of the sisters of the Order of Loretto, who have a convent in the neighboring city of Bisbee. Father F. L. Rouelle, pastor of the Church of the Immaculate Conception, has gone to Los Angeles, there to consult with the donor. The institution is to occupy an entire city block on Fourteenth street and is to have capacity for the schooling of 200 children and 100 boarders.

Mrs. Brophy was down with a

fishing excursion on the Gulf of California last fall. Months before he had planned establishment of the convent, to serve as a memorial to his little daughter, Elleita, who died two years ago.

JUSTICE IS DEAD

[EXCLUSIVE DISPATCH]

WILCOX (Ariz.) Feb. 7.—W. N. Matkin, justice of the peace of this precinct for six years, and a resident of the town for ten years, died yesterday. His successor will be appointed at once by the County Board of Supervisors.

Why Corns?

Blue-jay
to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain, removes the corn looses and comes out. Made in a colorless clear liquid (one drop does it) and in thin plaster. The action is the same.

Pain Stops Instantly

KO-FAN!
With lime!
Just rubs.
Blue-jay
keeps
you away by
dropping
off.
You'll like it!

Americas is SuccessTreaties, Conventions and
Protocols SignedAim is to Maintain Peace
Among Republics

BY A. P. NIGHT WIRE

WASHINGTON, Feb. 7.—The Central American conference, which began last December 4 at the invitation of President Harding, was concluded today in the Hall of the Americas of the Pan-American Union with Secretary Hughes presiding and the plenipotentiaries of Guatemala, El Salvador, Honduras, Nicaragua and Costa Rica expressing gratification over the results.

A treaty of peace and amity, eleven conventions and three protocols designed to bring about closer relations and to insure the maintenance of internal and international peace among the Central American republics, were signed at the final plenary session, which was attended by members of the diplomatic corps and high officials of the United States.

BALM AT FREE TRADE

Costa Rica refrained from signing a convention establishing free trade among the Central American republics, the United States agreed to join the other five in the establishment of commissions of inquiry and an international arbitration tribunal.

Secretary Hughes, who acted as chairman of the conference and of its committee of the whole, through which the actual negotiations were concentrated, replied to the expressions of gratification and the thanks of the Central American plenipotentiaries, vowing "our earnest desire to promote the general interests of peace in this hemisphere and to aid you in finding a solution to your own problems by your own organization."

The Secretary also announced, after the signing of the agreements that Guatemala and Honduras had decided to submit their border disputes of long standing to the President of the United States for arbitration.

SOUTHERN DELEGATES

The five delegations were headed by Francisco Sanchez Latour of Guatemala, Francisco Martinez Suarez of El Salvador, Albert Uciles of Honduras, Emilio Chamorro of Nicaragua and Alfredo Gonzales Flores of Costa Rica.

The treaty signed recognizes the maintenance of peace as the first duty of the governments; declares the violent or illegal alteration of the constitutional organization in any of the republics a menace to all, and pledges each not to recognize any government resulting from a revolution. Each signatory also agrees not to interfere in the internal affairs of any other country, to prohibit the organization within its territory of a revolutionary movement directed against any recognized government; secret treaties are barred and the stipulations agree to the constitutional provision forbidding the relation of presidents or vice-presidents.

PETTY DIFFERENCES

Differences arising between the republics which lack sufficient gravity to warrant arbitration are to be considered by commissions of experts authorized to make conventions to facilitate settlement through impartial consideration. The arbitration tribunal is to be formed for the handling of grave disputes, and will be composed of judges selected in a manner similar to the procedure of The Hague Court from appointees by the United States, and five other signatories and certain other Latin-American governments. Its decisions are to be final.

In furtherance of the peace policy, a convention limiting armaments for five years was signed. Guatemala was allotted an army of 5,200 men, El Salvador 4,200; Honduras 3,000, Nicaragua 2,500 each, and Costa Rica 2,000. Acquisition of warships is prohibited and use of aircraft in time of war is limited to ten for each nation. Exportation of munitions from one nation to another without the five also is forbidden, and provision is made for the development of national guard organizations with the aid of foreign officers if desired.

DON'T LIKE
RED TERMS
FOR COTTON

Russia Would Buy in This
Market, but Sellers Are
Too Suspicious

(EXCLUSIVE DISPATCH)
NEW YORK, Feb. 7.—The cotton trade is not paying much attention to Russian inquiries, because of the tons sought. These offer 50 per cent cash against shipping documents, 25 per cent cash on arrival, and 25 per cent in three months. One of the leading spot cotton houses has heard of such inquiries, chiefly through its Liverpool office.

More than 5,000 bales have been sold to Russian representatives, according to this factor, and it is doubtful if very large amounts could be had in this market for a government that has many times more cotton than it needs "read interests." There is a large group of cotton mills in and around Moscow, and to fill requirements for full operations would necessitate large quantities of cotton. The question of credit, however, is one that must be arranged before the desired amounts are available.

Spot cotton business in and about New York is quiet, says one of the largest cotton factors, with representatives throughout the South and in Europe, although there is some buying for New England account. He estimates sales of between 2,500,000 pounds of Peruvian mafatilla cotton. This is grown in Peru from Egyptian seeds.

(EXCLUSIVE DISPATCH)
PHOENIX, Feb. 7.—Burial rites

were conducted at old Fort McDowell for Dr. Carlos Montezuma, a full-blood Mojave-Apache Indian, who had returned from his Chicago home and medical practice to die among his people. He had been a professing and active Christian. Services in the agency chapel were conducted by Missionary Ellsworth.

In accordance were three races of a diverse sort. The whites

were represented by a large Masonic delegation from Temple and Phoenix and, on opposite sides of the chapel, were two score or more each of Mojave-Apache Indians, tribes which for centuries

had been at war with each other.

Opportunities in New Town

In a few more weeks people will be arriving. "I

could have bought a lot in Glendale at tenth and ninth streets for \$1,000."

For information, write to 100 Main Street.

MORE POLO TOMORROW

Cardinal Team From North Will Clash With Midwick Four in Two-Game Series

The next games on the polo schedule at Midwick will be staged tomorrow and Sunday afternoons.

SCRAMBLE FOR LEAD VERY HOT

L.A.C. Soccer Team to Play Pasadena Sunday; Race Quite Close

The visiting team will be the Cardinals, which is a team of polo experts composed of George G. Moore and William S. Trévis, Jr., of San Francisco and Elmer Bessie of Santa Barbara, all three of whom are well known to California polo enthusiasts. The fourth members of the team is Capt. T. P. Bryan who has played the game for years in England and Ireland and recently in the United States.

The players and their string of twenty ponies arrived in the city today and it is said that this team will prove to be one of the best mounted teams playing on the coast this year. The ponies belong to George G. Moore and to William S. Trévis, Jr., who are from thoroughbred stock on the McKittrick ranch at Bakersfield.

It will be remembered that last year Moore, Trévis and Bessie were members of the Santa Barbara team which won the Pacific Coast All-American trophy at Coronado, defeating the championship Midwick team in the only game that they lost in the flat events of 1922.

Opposed to the Cardinals will be the Midwick team with J. A. Wigmore at No. 1; Teddy Miller, No. 2; Arthur Perkins, No. 3; and Arthur Burkhardt, No. 4. The Cardinal line-up will be Moore, No. 1; Bessie, No. 2; Bryan, No. 3; and Trévis back. The followers of polo at Midwick are looking forward to an exciting contest and feel that their team and the horses have come to an old-time form and are now ready to start on another sensational winning streak as they did in 1921 and 1922.

MAY REINSTATE VON ELM

[EXCLUSIVE DISPATCH]

NEW YORK, Feb. 7.—When the executive committee of the United States Golf Association, meets at the Links Club in this city on Friday, next, one of the main topics of discussion will be the possibility of reinstating Von Elm. Pacific Northwest champion, to amateur status. Von Elm last year became an exile shortly before the national championship, when his entry was refused. Von Elm and Lee C. Miller, the president of the Salt Lake Country Club, which financed Von Elm's golf up to the time the United States Golf Association called him, have written letters to C. S. Lee, the national secretary, to be read at the meeting.

This was done upon the recommendation of J. Frederic Byers, president of the U.S.G.A., after the recent annual meeting. Incidentally, according to one of the executive committee men, there is little hope for the western golfer, as the consensus of opinion seems to be that the Utah player has not been punished severely enough.

GREATEST TEAM OF ALL

McGraw so Declared 1905 Giants—Bresnan Class by Himself—Vegetable on Road

"MY THIRTY YEARS IN BASEBALL"

Article XXX
BY JOHN J. McGRAW,

Manager of the New York Giants, world's baseball champions, 1921-22.

[Copyright, 1928, by the Christy Welsh Syndicate.]

I regard the Giants' of 1905 as the greatest ball club that I have managed. I look upon it as one of the greatest ball teams of the last thirty years. As I have said before, the Baltimore Orioles of 1894-95, in my opinion, made up the greatest ball team of my knowledge.

The 1905 Giants, though, were the best that I ever have managed. I say this, too, in due regard for arms. A majority of them though, were really good.

The fact that I have handled other clubs that were greater hitters and greater base runners, I hand the laurels to the 1905 team for its excellence. We did not have a really slow thinking ball player on the club.

That team was not so fast, but what it lacked in speed of feet it made up in speed of thought. In addition, we had two of the greatest pitchers that the game has ever seen—Mathewson and McGinnity.

We had two of the greatest catchers—Bresnan and Borchman. To my way of thinking, Bresnan was about the best catcher of all times. The only other catcher that I would rank alongside him is Buck Ewing.

Roger had played every position—pitcher, outfield, infield, catcher.

He was good at every position.

Bresnan had a memory almost as good as that of Mathewson and McGinnity. He never had to be told twice. Once we had discovered a weak spot in the opposition's line-up, we would attack it. I could depend absolutely on Bresnan to carry it out. He did not forget. His whole mind was concentrated on winning that particular game and it was rare that he overlooked anything.

DON'T REMEMBER

It is not at all uncommon for me to have catchers men of poor catching ability. I do not remember instructions from the bench to the plate. For that reason I have had to take it upon myself to give all the signals for the catchers.

Not only was that 1905 team a smart-thinking ball club but it was a team of fighters. They thought they could beat anybody and they really could. As a result of this fighting instinct we got into many a tight place.

I don't think you have. All of them that are to be taken into consideration when selecting the best catcher of all times. His value to a team is what counts. I could name a dozen catchers who were good catchers and who were good hitters and who had great

[Continued on Second Page]

TIGERS SIGN BOTT

Matt Bott, a third baseman and shortstop from Colingsville, Ill., has been signed by the Vernon Tigers, according to an announcement made yesterday by Howard Lorenze, secretary of the Vernon Club.

Bott is twenty-two years old, three and bats right-handed and has had two years professional baseball experience. He played in the Mount Vernon, Ill., professional league, which is sponsored by a group of millionaires. His

Patterson, former Vernon manager, saw Bott work out and told Ed Maier, owner of the Tigers, that Bott was the best prospect he has seen in a long time. Several major leagues were after Bott but Maier got on the trail and soon had him affix his signature to a Vernon contract.

Bott has become a strong friend of Patterson and it was through this friendship that Maier was able to annex his services. Bott will report here for spring practice February 24.

CARDINAL FIVE ARRIVES TODAY

JESS FINALLY GRABS A BOUT

Stanfordites Here for Tilt With Trojan Squad

Willard Matched to Fight Floyd Johnson

First Contest of Series to Start on Tomorrow

Box at New York Grounds on May 12 Next

Palo Altoans Are Hot After State Championship

Proceeds Are to be Given to Milk Fund

Coach Andrew Kerr and his squad of Cardinal basketball players step off the Lark in Los Angeles this morning. They will have one full afternoon and evening in which to familiarize themselves with the University of Southern California court before engaging with the Trojans in the last two encounters of a four-game series tomorrow and Saturday.

Stanford's progress in the hoop game has been a general surprise all the season. Rated as the probable best division of the California section of the Coast Conference, the red-shirted cage artiste speedily corrected this misconception in a coming clean sweep of a different exhibitionary schedule; and without doubt they developed another notch in power when they won decisively in the first two contests with the Los Angeles athletes, the latter having broken even in a previous two-game match with the University of California.

HOT AFTER TITLE

And now that the Bears have again allowed the Trojans to edge into the victory column, it looks very much as if the Cardinals will have a third as the champions of the California basketball championship. At least they now have far more than an even break in chances to accomplish this little feat, and since the Cardinal's schedule; and without doubt they developed another notch in power when they won decisively in the first two contests with the Los Angeles athletes, the latter having broken even in a previous two-game match with the University of California.

BY HARRY NEWMAN
[EXCLUSIVE DISPATCH]

NEW YORK, Feb. 7.—New York is to have Jess Willard in the ring again but not from choice. It is to be forced on the populace as for the benefit of a worthy cause.

The ex-champion's bout will not be Jack Dempsey. Jess has drawn a bout with Floyd Johnson, the young towan, and they are to stage the fistic at the new Yankee ball park on May 12 next.

In order to put the match over it was necessary to cancel the bout when it was scheduled between Tom Gibbons and Johnson in Madison Square Garden.

It was announced.

Everything is set for this match between Willard and Johnson. The New York American League baseball club management had tendered the use of the park to the New York State Athletic Commission.

It is understood that most of the proceeds will be turned over to the Mayor's Milk Fund Commission, and in its present commendable, but we would like to know what slice the two boxers will get for their exhibition.

According to the arrangements, the boxers will receive \$10,000 for consenting to a withdrawal of his bout with Floyd Johnson. It is understood that Johnson has agreed to meet Gibbons, providing he and his manager, Col. Ruppert and Col. Huston of the Yanks readily consented to turn over the ball park for the contest.

Johnson will train for the bout at Lake Wood, N. J. Willard will prepare in Long Island.

Charley White, the Chicago lightweight, will arrive Saturday to complete his training for his fifteen-round go against Rocky Kansas in the Garden Friday night.

Jack Dempsey, heavyweight champion, left New York today on the Twentieth Century Limited for Salt Lake City, where his father is dangerously ill. The father is suffering from a complication of diseases.

[Continued on Third Page]

confidence

YOU cannot get much real, downright satisfaction out of motorizing unless you have confidence in the car you are driving.

The real basic reason why Studebaker owners so enthusiastically report satisfactory performance year after year is because they have tested their motor cars to such an extent that they have implicit confidence in the ability of a Studebaker Six to accomplish any transportation task that should be expected of a motor car.

Just such enthusiasm as these owners report also comes from the purchaser of a Certified Studebaker for we have compensated for the wear the car had before it was exchanged with us for a new one by replacing worn parts, adjusting slight wear and refinishing every Certified car that lacked excellent appearance.

Yet used cars as these are priced low. The Light-Six sells for \$795 after a season's travel, the Certified Special-Six, Series '21, is a great value at \$1035, and we believe that a late model Big-Six with our guarantees and service behind it is a rare bargain at \$1150.

We invite you to look them over and try them out.

We also offer bargains in other well-known makes in good running order.

Court EncounterThe fancy-priced pugs have
just about strong-armed it
into inactivity the goons which
produced the golden egg.Billy Muldown has spoken
again this morning after his fight in
New York involving the
heavyweight championship. Muldown not only has put himself in the clear, but has clarified the entire situation.Prior to his straight-from-the-shoulder
declaration, there was considerable
confusion as to where he stood. Some wondered if he might
conceivably be a party to the
plot to prepare the way for
that Beckett thing.Muldown is simply in sick of
the high-mixed talk and eternal
strife. The fighters will be
arranged in a Manual Arts quintet
and a Long Beach quintet.A but feed, and afterward
a game, has been arranged
returning men, and credit
handed Frank Kerwin, the
most prominent man in
the city. He has given their
attention to the needs of Southern Califor-nia. He is a native of the state and
looks as if there would be
no problem.MANUAL LEADING
Thomas J. McCormick will
represent the Manual Arts five in
the league with four wins
and one loss. The Tellers will be
the service of Max Muldown and
Floyd Hood and may
have a hard time.The Manual Arts quintet has
recently late form and Pasadena
is hoping for a Pasadena
team. The Pasadena squad was
not in the mid-term graduations
and will not be a veteran team on
the court.The Manual Arts is favored to easily
win the Polytchnic crew in the
league with four wins
and one loss. The Tellers will be
the service of Pete Thompson,
George Miller and perhaps George
McGinnis. The Tellers lost
the last two games but
with an injured foot, L. A.
Pleasant lost Long Beach
in the other game scheduled. This
is expected to be topped by
the Tellers' win, as the
Pleasant, surprisingto their intense
surprise, these gentlemen will
find that this country can get
along very well without the
heavyweights. Which reminds
me of a year or two ago."If I were in control of boxing,
my first step would be to
eliminate the heavyweight division."
declared the veteran
promoter. "This division has
been the source of most of the
trouble."There was nothing personal
in McCarron's statement, and
he did not anticipate the
present situation. He was merely
speaking from experience and it
has been the heavyweight
matches which stirred up op-position. Boxing is one of the finest of
sports, but in safety when not
in the ring. The boxer's code
of conduct is mainly to the lighter
division, stick to the fairly
short routes and cut out the
talk of big money and there
will be little opposition.The Rio Grande has demonstrated
that the public wants boxing. There never has been a breath
of protest against it and probably
never will be, unless some doves in free ride
out of town on a rail.Muldown did the game a
good turn when he gave that
bunch the gate. Possibly some of these heavies will be
amazed to find how really non-
combative they are in the art of
boxing, and how well the
country can struggle along
without the accompaniment of talk and
sparsome achievements. Mean-
while, the Rio Grande is
considering merrily with a
convenient ford here and a
convenient ford there and a

SANTA MONICA

LIFE—ACTIVITY—PARADISE

All men seek life and Paradise, but differ in conception of their attainment.

There is a common belief that man's principal work here is to gather enough wealth to provide him with comfort for the years that he expects to continue his present experience. After he has this wealth he believes that nothing more is required of him—that he may cease activity and attain the ends of life. Both are mistakes.

Constructive activity and creative unfoldment are the way of life, and perfect life makes its own Paradise. Unfoldment of good for all is the true objective.

Men have thought that they wanted to obtain wealth and "retire." Cities have sought these retired men as residents. But cities have found that "retired" people do not make a city, that they often obstruct, that their view of life is wrong, and that, if numerous enough in a city, they may destroy it—bringing death instead of life.

Santa Monica seeks men of action, of ability, of experience, and of wealth. Southern California has many people with talent as well as wealth. We do not want these people to come to Santa Monica to "retire," we want them to come and get into action. We want their constructive activity and we want their ability and experience to speed our creative unfoldment. We want their wealth as a means to an end.

Santa Monica, a range of mountains, a great bay, beautiful wooded canyons, the Palisades, and a city—more than one hundred square miles of wonderland—needs and wants all the ability, all the wealth and all the action that these people can give it. Santa Monica is a heritage that belongs to the whole people, the whole nation. Shall we leave it to the mercenary individual and to our own limited vision?

We need the other fellow's vision and the outside perspective. All together, we will still fall short in our conception and our action for this great area and its preparation as a blessing of untold value to many millions of people.

You may live in the East or the North or elsewhere, but how much less is your responsibility for this great gift? California is yours, and Santa Monica is yours. It is for you, and millions of others like you, that we take an interest in its preservation.

Such form, color and glory of nature, in the front yard of the world's future greatest city, is one of the wonderful things and great blessings of earth.

Come and help us prepare the way that millions of people may enjoy it.

GREATER SANTA MONICA CLUB

NOTICIAS MUNDIALES DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de idioma español, y para beneficio de los lectores americanos del Times que estudian en lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Un conocimiento práctico del español es de granísima utilidad en este país, especialmente en el suroeste; como lo demuestra el hecho de que en Los Angeles solamente hay más de 15,000 personas que estudian ese idioma con profesores oficiales o particulares. Para esos estudiantes será un buen ejercicio leer todos los días esta sección, donde encontrarán las palabras y frases más usuales del lenguaje español.

NOTAS TELEGRÁFICAS

Noticias de Washington

WASHINGTON, febrero 8.—El Presidente Harding, al recomendar al Congreso la aprobación del proyecto de ley que sobre la consolidación de la deuda, le recomendó también que se votara el proyecto de ley sobre subdido a barcos.

Los documentos del departamento de coros demandan que el Administrador de Correos Leder, candidato republicano para Alcalde de Chicago, ha superado de un modo completo a los anteriores administradores, en lo que atañe a las labores de su oficina.

El Congreso va a votar mañana sobre las consignaciones "pork barrel" para ríos y puentes, así como en el proyecto de ley del ejército. Hay una califica como el desbaratado ataque al sistema de presupuesto.

Los senadores han instado al Presidente Harding que retire el nombramiento del Dr. McNary de la Corte Suprema, como contralor del papel moneda.

Moneda de una Hipoteca de Vino

SAN JOSE, febrero 8.—Albert Steinfield ha interpuesto demanda contra Mary Henry ante el Superior de ésta, pidiendo la ejecución de una hipoteca sobre una 36,000 galones de vino, legalmente elaborado.

Diputado de California Enfermo

SAN FRANCISCO, febrero 8.—El congresista Julius Kahn, del cuarto distrito electoral de California, regresó a Washington, anoche, casi en un descomino, pues se halla mal de salud.

Oficio Procesados por Contrabando de Whisky

TRENTON (New Jersey) febrero 8.—El gran jurado federal, según se supo hoy, ha dictado procesamientos contra otros individuos, entre los cuales figura el mayor whisky de matute en este Estado. Hubieron el licor de la flota de whisky que se halla a la altura de Highlands. Todos están presos.

Artesano de Pisco que Produce 99,000 Botellas

MONTEVA (California) febrero 8.—En el pequeño Estado de Zulia, Venezuela, se perfó un pozo que resultó brotante y produce 93,000 barriles diarios, según informe oficial recibido por Alfredo Olavarría, Cónsul venezolano en esta ciudad.

Considerable Robo de Licor

BALTIMORE, febrero 8.—Hoy se descubrió que unos ladrones del whisky habían practicado un túnel para penetrar en los depósitos de la Compañía Distribuidora de Bebidas, en Highland, alrededor de esta ciudad, y se habían robado 100 barriles de whisky, valuados en \$245,000, al precio de licor clásico destilado.

NOTAS LOCALES

Holgazán se Halla ya Cerca de su Celda

En la madrugada de hoy tendrá lugar en Freeport, Texas, la apresación del famoso "Holgazán" o del asesinato del Sargento Detective de Policía, John Fitzgerald, y dará fin la mala tenor de las cacerías humanas que haya organizado la fuerza de policía de este Estado.

J. O. Stevenson, Jefe de Policía de Galveston, y T. C. Goodson, Jefe de Policía de Houston, Texas, con una brigada de diez detectives, se hallan en Freeport, Texas, y en Freeport, listos para hacerse a la mar e ir al encuentro del buque de carga "Freeport Sulphur No. 6," a cuya borda viene Holgazán de Tamaulipas. Tienen planeado encontrar al citado barco fuera de la barra que hay en la desembocadura del río Brasos.

Con grillos, y con escolta constante, el "Holgazán" es llevado a Galveston, a toda prisión, y encerrado en la celda capilla de la cárcel del condado, en el citado puerto. Allí se le tendrá hasta la llegada del Jefe de Policía, O. C. O., quien traerá la orden de la población de la Suprema Corte en Conflicto con la Comisión de Carreteras.

Ayer tarde quedó en tela de juicio la constitucionalidad de la Ley de Vehículos Automóviles del Estado, pues la Suprema Corte de Justicia falló que la Comisión de Carreteras del Estado, que no estaba facultada para reglamentar velocidades en los caminos. Como la citada ley dice expresamente que la comisión puede reglamentar las velocidades en los caminos, cuestionan lo requerido, la ley repetida va tal vez a ser invalidada en su totalidad.

J. O. Stevenson, Jefe de la Corte, ayer en el caso de Fred F. McLain, recientemente arrestado y convic- to de haber pasado en auto, a veinticinco millas por hora, sobre el puente de la Calle Colorado, en la noche del 27 de enero, fue sentenciado a prisión en la Cárcel

DIAPEPSIN
FOR
INDIGESTION

Chew a few pleasant harmless tablets of "Papa's Diaepsin" and your distressed stomach will feel fine at once.

Corrects your digestion and ease your stomach for a few cents. Don't let your stomach keep you miserable! Drugists recommend "Papa's Diaepsin".

BY A. P. NIGHT WIRE]

BALTIMORE, Feb. 7.—Diggings a tunnel 150 feet long and three feet wide from the cellar of a house to the warehouse of the Stewart Distilling Company's plant in Highlandtown, a suburb, a band of liquor thieves with the aid of a cul- quir hose as "piping line" and a suction pump, siphoned more than 100 barrels of whisky. The robbery was discovered early today when police, acting on a tip from an unknown source, forced an entrance to the house, located on South street. The liquor was valued at upwards of \$245,000.

The house, according to the police, is owned by Christian Yanson,

but as yet no information has been obtained as to where he can be found.

Two Day Opportunity Sale

Thursday and Friday—At all Owl Drug Stores

This Two-Day opportunity sale offers the year's lowest prices on merchandise that is an every-day necessity. The enormous demand for this merchandise at these prices makes it necessary to limit the sale to Two-days only—and likewise to limit the quantity to each and every purchaser. Check this list and then make your purchases early:

Divided Opinion on Trend of
California Oil Price

Production Increase May
Lead to Lower Rate

Car Shortage Predicted;
With Bond Dealers

While crude-oil producers in other fields in the United States have been favored with three increases in the last month totaling 10 cents a barrel the California operators are facing a situation where the direction of the next price change is problematical. Production shows a significant movement, but on the contrary, is increasing as the deeper sands are reached and the proven areas widened. Opinions differ among the refiners as to the effect of the price from this development.

Reports of a reduction in the price for crude oil were rumors yesterday on the ground that the production of the Southern California fields is growing at a rate that defies all efforts at storage, and that if a decrease is announced, the purchasing companies from the Southern fields may be able to meet it with a short time lag. The reports especially to Signal Hill, where it is said that the climax in production is due this month, and that the price of the trend may be on the decline. Signal Hill is the largest field, with a rate of about 45,000 barrels daily, while Santa Fe Springs and Huntington Beach are each approximating 100,000 barrels a day. The future of Santa Fe seems to depend on the rate of production of the deep sands, and the extent of the area that can be proved up from these operations. A definite tendency has been noted in the fact that new fields are not flowing from the third sand.

On the bear side of the production question, it is also pointed out that the intrusion of edge water is the chief factor in the decline, and if this development makes an appearance in any of the local fields production will drop precipitately, as it has in some of the northern fields.

Geologists assert that there are doubtless other oil pools in Southern California that remain to be exploited, and that at such distances from the fields already developed at the present time, production would follow to an extent calling for immediate price reductions.

According to one man well informed on petroleum matters, there is very little money in the Southern fields at the present time at the existing rates. Oil is worth more in the ground in his opinion, and the majority of companies have shut off pumping wells on land owned in fee, or on leasehold, not jeopardized by oil-field holes, while the leaseholders continue operation. Where adequate storage facilities exist, all available crude is stored for the future rise in price that is believed to be inevitable.

Another factor of growing importance that tends to operate in the direction of a drop in the price of oil is the fact that the exchange rate, where the oil was sold, and if this development makes an appearance in any of the local fields production will drop precipitately, as it has in some of the northern fields.

On the bear side of the production question, it is also pointed out that the intrusion of edge water is the chief factor in the decline, and if this development makes an appearance in any of the local fields production will drop precipitately, as it has in some of the northern fields.

Geologists assert that there are doubtless other oil pools in Southern California that remain to be exploited, and that at such distances from the fields already developed at the present time, production would follow to an extent calling for immediate price reductions.

Near East War Scare Affects Grains Again

EXCLUSIVE DISPATCH.
CHICAGO, Feb. 7.—A revival of the war scare
in the grain market has affected there that
was no increase on the grain markets brought to
much buying of late and all deliveries of
wheat and September wheat sold at new high
figures on the crop, while May and July wheat
closed with gains of 15@16%; corn 15@16%;
oats 14@15%; and rye 14@15%.

Failure of Liverpool to show strength had some
effect on the market, but the lowest price for wheat
was made after the market had been
reduced, and buying by commission houses,
which gradually absorbed the surplus in the pit.
The war had little effect for a time, but after
midday cables indicated that the outlook was much
more favorable and a general run on the market
was made, which caused the market to open up.

Some improvement was reported in the export
demand for wheat, with sales of around 200,000
barrels mentioned, claimed at the seaboard. Hedges
against this grain were removed at 16@17%.

There was a general demand for wheat
that last year to attract more attention, but the
main influence at the present time is the
lack of aggressive selling. An increase of 11,-
000,000 bushels in world's available stocks for the
week without effect on values.

Corn prices were reported considerably higher buying,
especially in small lots, and while the advance
was checked for a time on resting orders, it took
but relatively little buying to start values up.
Corn futures were being taken by the market.
Commodities were being taken by the market
but increased materially short of last year's.
Gaines from Argentina had the new crop
offered to dealers.

Argentina's concessions were half buy
orders of May oats and they went to 15@16% over the
July, galloping back on the latter delivery for the
day. A local buying from September, while showed
the least advance. Shipping demand was fair.

Holding amounts of rice to houses with north-
western connections prevented that grain from
making a full response to the upturn in wheat.
There were unconfirmed reports of business with
Germany. The two northwestern markets received
no reports.

LONG LEASE IS TAKEN ON CORNER SITE

Blumenthal Company
Plans New Building on
West Seventh Street

A. C. Blumenthal & Co. has taken a ninety-nine year lease on the property at the southwest corner of Seventh street and Westlake avenue, according to an announcement made yesterday. Plans for the erection of a modern five-story commercial building on this site are now being made. For the lease the Blumenthal company will pay to the owner, Mrs. Eva F. Ray, a total consideration of approximately \$1,500,000, and the contemplated building improvements will represent an additional expenditure of about \$250,000.

The lot has a frontage of 150 feet on Seventh street, with a depth of 100 feet. At present it is occupied by several small frame structures which are to be razed as soon as the present leases expire. Negotiations, it is stated, are being conducted with the original commercial firm now located in the central business district to take space in the new building, the first floor of which will consist of stores, while the upper floors will contain offices.

The Blumenthal company, according to a statement made by Mr. Blumenthal yesterday, is becoming actively interested in the West Seventh-street business district, plans to acquire a number of other properties in the vicinity in the near future, and the learned judge deems that she should be the lucky partner of Irvin's joys and sorrows.

Wife No. 2, who was Miss Ruby Nichols, expressed herself satisfied with the decision. The two women then went to Dep. Dist.-Atty. Heinecke, who presented the case to urge that he immediately file the information against Irvin in Superior Court. As if some doubt still lingered, they asked him which wife Irvin should have.

He told them that wife No. 2 was not legally married, hence there was no question as to whom she should return to the witness stand.

The former Miss Nichols announced her intention of having her marriage annulled.

Irvin's second wife, wife No. 1, was born in Medina, Ohio, in 1918. She is the daughter of Mr. and Mrs. Charles Irvin, who now live in Fort Wayne, Indiana.

Irvin's first wife, wife No. 3, was born in 1918. She is the daughter of Mr. and Mrs. Charles Irvin, who now live in Fort Wayne, Indiana.

Irvin's first wife, wife No. 3, was born in 1918. She is the daughter of Mr. and Mrs. Charles Irvin, who now live in Fort Wayne, Indiana.

PAIR OF WIVES CHANGE MINDS

Blumenthal Company
Plans New Building on
West Seventh Street

A. C. Blumenthal & Co. has taken a ninety-nine year lease on the property at the southwest corner of Seventh street and Westlake avenue, according to an announcement made yesterday. Plans for the erection of a modern five-story commercial building on this site are now being made. For the lease the Blumenthal company will pay to the owner, Mrs. Eva F. Ray, a total consideration of approximately \$1,500,000, and the contemplated building improvements will represent an additional expenditure of about \$250,000.

The lot has a frontage of 150 feet on Seventh street, with a depth of 100 feet. At present it is occupied by several small frame structures which are to be razed as soon as the present leases expire. Negotiations, it is stated, are being conducted with the original commercial firm now located in the central business district to take space in the new building, the first floor of which will consist of stores, while the upper floors will contain offices.

The Blumenthal company, according to a statement made by Mr. Blumenthal yesterday, is becoming actively interested in the West Seventh-street business district, plans to acquire a number of other properties in the vicinity in the near future, and the learned judge deems that she should be the lucky partner of Irvin's joys and sorrows.

Wife No. 2, who was Miss Ruby Nichols, expressed herself satisfied with the decision. The two women then went to Dep. Dist.-Atty. Heinecke, who presented the case to urge that he immediately file the information against Irvin in Superior Court. As if some doubt still lingered, they asked him which wife Irvin should have.

He told them that wife No. 2 was not legally married, hence there was no question as to whom she should return to the witness stand.

The former Miss Nichols announced her intention of having her marriage annulled.

Irvin's second wife, wife No. 1, was born in 1918. She is the daughter of Mr. and Mrs. Charles Irvin, who now live in Fort Wayne, Indiana.

Irvin's first wife, wife No. 3, was born in 1918. She is the daughter of Mr. and Mrs. Charles Irvin, who now live in Fort Wayne, Indiana.

LOBBYISTS ON RETURN JAUNT

Criswell and Mathews Head for Los Angeles

Efforts to Block River Pact Meet Little Success

Previous Trips at Taxpayers' Expense Were Failures

(Continued from First Page)

and Wyoming have done likewise and California is expected to follow. The only debatable ground left is Arizona, and it is expected that President Criswell and Special Counsel Mathews will, on their return from their recent trip, meet once more in Phoenix to lobby against ratification of the pact. For, if Arizona fails to ratify, the pact fails at least for the moment. In Washington the two Los Angeles men interviewed and Congressmen and spread propaganda against Secretary Hoover and the Federal water project. The hope of blocking the water project was dashed.

The Criswell-Mathews trip to Washington expenses necessary for which will in due time be submitted to Dr. Hayes and his fellow-members of the Board of Public Service Commissioners and approved. In the latest in a series of statements issued to the press on behalf of the Hayes-Boulder Canyon dam and one of the least expensive of the many trips.

About a year ago, the Public Service Commission, one member as an entire caravan of commissioners, commissioners and Presidents Criswell went to Washington and stayed three weeks at the tar-

PROBATE OF WILL ASKED

A petition for admission to probate of the will of John S. Mainman, Los Angeles realtor, recently killed in an automobile accident, was filed yesterday. The only estimate of the value of the estate is

COURT FREES WIFE

Charges Husband Failed to Make Good His Promises

Bibulous habits and fault-finding on her husband's part were blamed by Mrs. Evelyn E. Dale for the collapse of their marriage in her suit for divorce, which she won yesterday before Judge Sumnerfield.

Clarence H. Dale, the husband, is in the insurance business with his father and makes, according to his wife, \$1000 a month. Mrs. Dale charged he promised often to be good, but broke his promises.

Mrs. Dale will receive \$200 a month alimony and the custody of the children. The alimony settlement was made out of court.

SINGLE "TAG" TO DRAW DRIVER STIFF FINE

Ten days in the County Jail and a suspended fine of \$250, which must be paid if the defendant gets a single "tag" from the traffic officer, was given by Judge McCormick in Superior Court yesterday to Walter E. Raymond, who pleaded guilty to reckless driving.

Raymond has been charged with driving while intoxicated and in a fury. He pleaded not guilty and when his case was called yesterday offered a plea of guilty to the lesser charge, which the court accepted.

RING WORTH SMALL FORTUNE IS STOLEN

A platinum ring with a fifty-five-grain pearl set in it, and said to be worth \$2000, was reported stolen to the police yesterday by Mrs. F. W. Allure, a guest at the Cordova Hotel. Mrs. Allure re-

ported that she left her purse containing the ring in an anteroom in the hotel on Wednesday night and when she returned the purse was gone.

DRAPERIES

The windows in your home constitute much of the background against which your furniture shows up to advantage or loses its charm.

It is a happy circumstance that the draperies now in vogue do more to enrich the general tone of the room than the old-fashioned curtains of a few years ago.

Among the popular materials now in use with which the most pleasing effects can be obtained are:

Kapock Silk, yard.....	\$4.00 to \$6.50
Panel Lace, panel.....	75c to \$3.50
Cretonnes, yard.....	50c to \$15.00
Velours, yard.....	\$3.25 to \$7.50
Sunfast Gauze, yard.....	\$3.25
Net, yard.....	85c to \$3.00

RUGS

Worsted Wilton Rugs, 9x12, \$100.00

Wonderful new creations in the soft pastel shades.

Axminster Rugs, 9x12, \$46.85

Fine, heavy rugs in new designs and colors.

9-ft. Wilton Velvet Carpet \$8.50 per sq. yd.

This high-grade carpet comes in taupe and blue and can be made into rugs 9 feet wide and any desired length, without seams. This price includes making up.

27-inch Velvet Carpet, Sewed, Laid and Lined, \$3.00 per yd.

A splendid line of patterns and colors of quality that will stand long, hard service.

Preliminary hearing was set for the 13th inst. The defendants were represented at the arraignment by Hunzaker, Britt and Co-srove.

BURGLARS DROP GEMS IN FLIGHT

Frightened Safe Robbers Lose Jewelry Stolen Short Time Before

While investigating an attempted safe-cracking job at 7422 Sunset Boulevard, Hollywood, Detectives Sergio, Canto and Kearin of the Hollywood police department discovered jewelry which had been stolen just a few hours before from the home of O. E. Withersell, 1431 Vista street. It was reported today by Capt. Cleveland Heath of the Hollywood division.

The jewelry, which included a string of pearls, some jade beads and a gold-beaded bracelet, were said to have been owned by Gladys Withersell, principal figure in the famous Withersell kidnaping case which was solved before Judge W. L. Hilliard, 120 South street, last year.

Withersell, 42, was the safe robber who forced their through a rear door some time between 4 and 6 p.m. Tuesday.

Shortly after the Withersell robbery occurred, Capt. D. C. Moore of the Heinrich Bakery at 7422 Sunset Boulevard, notified the police that he had just frightened several men from his establishment when he opened the safe upon its side and were digging into the cement bottom when discovered by the owners. They escaped through a rear door.

A few feet from the safe crackers gained entrance to the bakery the officers found the Withersell jewelry, which was worth \$1000 in diamonds and gold.

It was identified and returned to the owners.

CARLETON COLLEGE HEAD TO BE GUEST

Dr. Donald J. Cowling, president of Carleton College at Northfield, Minn., will be the guest of honor at a luncheon by the Carleton College Club of Los Angeles at the University Club at 12:30 p.m. Saturday, according to R. F. Woodard, president of the club. Alumni of Carleton from all parts of Southern California will be present on the occasion, which will also serve as a reunion of Carleton graduates.

Rose Hill Is Excited Over Fruit Stand

(Continued from First Page)

They're at it again in Rose Hill.

This time the excitement is not about Japanese, but about a fruit stand operated by M. Augustin.

E. Brady of Rose Hill began suit against Augustin before Judge Hewitt in Superior Court, asking an injunction to stop the stand on the ground it is on residence and on business property. Justice Augustin adjourned the suit for a week and will go out and look the ground over.

INCOME TAX EXPERT AT CHAMBER AGAIN

The Internal Revenue Department will again establish a branch office in the Chamber of Commerce, 120 South Broadway, to assist business men and women in the section to fill out income tax blanks. On February 15, offices in charge of an expert will be opened on the second floor.

Last year the branch office of the Chamber was opened for the first time and large numbers availed themselves of the convenient location.

"Pay with a smile" was the slogan adopted this year by Internal Revenue Collector, Rex B. Goodwin, at recent Chamber of Commerce luncheon. Judge Goodwin also pointed out that as the Los Angeles district pays the largest Federal income tax per capita in the country, residents should be more than happy to keep up the record of this fortunate, rich county.

"TIMES" RECIPE CONTEST

(Continued from First Page)

Readers of The Times are invited to participate in a series of culinary contests in which this journal will pay cash prizes for the best recipes submitted.

There will be six contests, each lasting two weeks. In each contest the best recipe submitted will win the first prize of \$10, the next best \$7.50 and the third best \$5. In addition to these there will be special prizes of \$10 and \$5 for the two best recipes for Spanish dishes. These Spanish-dish recipes may be submitted at any time during the twelve weeks, or until April 7. All other recipes must be submitted before the end of the two weeks allotted to the contest in which each is intended as an entry.

The first contest began January 13, and ended Saturday, January 27. It was a contest for the best recipe for a soup or an appetizer. The winners were announced in The Times on Saturday, February 3.

The second contest for the best recipe for preparing fish or a fish sauce began January 27 and closes February 10. Winners will be announced February 17.

The third contest will be for the best recipe for preparing meat or a meat sauce. It will run from February 10 to February 24. Winners will be announced March 3.

The fourth contest, to run from February 24 to March 10, will be for the best recipe for the preparation of vegetables. Winners announced March 17.

The fifth contest, March 10 to March 24, will be for the best salad or salad dressing. Winners announced March 31.

The sixth contest will run from March 24 to April 7. It will be for the best recipe for a dessert. This may be cake, pastry or frozen or molded dessert. Winners in this and in the special Spanish-dish contest will be announced April 14.

Honorable mention will be given worthy recipes which do not win prizes.

The Times reserves the right to print any recipe submitted in its columns or in book form. In such case the name of the author will also appear.

Recipes must be written on one side of the paper only, must be legible and plainly marked with the name and address of the author.

No manuscripts will be returned.

It is not necessary to be a subscriber to The Times to compete. Anyone may enter any or all of the contests, submitting as many recipes as desired.

Originally, economy and adaptability to Southern California conditions will be considered in judging the recipes. Contestants should submit only recipes that have been thoroughly tested out in their own kitchens.

Specify exact amounts of ingredients, using level measurements. Do not use trademarked names of ingredients.

Recipes should be sent in as early as possible. A recipe may be sent in before the actual start of the contest in which it is entered but in this case the fact must be noted at the top.

Address all recipes to The Times Recipe Editor, Times Building, Los Angeles.

He will return to Los Angeles in March.

HUNGARIAN EXILE HERE

Father John Hock Comes to Espouse Cause of Liberty for His People; Will Tour State

From turbulent Hungary there has come through the East and the Middle West to Los Angeles a political exile known to his countrymen as Father John Hock.

On the way he has been speaking to large audiences on the subject of Hungarian liberty. People have learned that he was formerly a Roman Catholic priest of the largest parish in Hungary; that he was a friend of Louis Kossuth, upon whose death the Liberty Bell was tolled in America; that he was for thirty-five years a member of the Hungarian Parliament, the first president of the First National Assembly in Hungary after the overthrow of the Hapsburgs in 1918; and that in Budapest he was famous as "the silver-tongued."

The program that he urges, like that of Kossuth, demands a responsible government for Hungary, freedom for all subject peoples, and the division among the people of all the great landed estates, the present owners to be compensated by the State.

IS LIBERALIST

Father Hock is a representative of the Liberalist party in Hungary, which was overthrown by the Bolsheviks who were in turn overthrown by the Horthy government now in power.

This is not the first visit of the priest-exile to this country. He was one of the delegates to the Interparliamentary conference at the St. Louis World's Fair two decades ago, and was at that time entertained at the White House by President Roosevelt.

Under present plans, he will make a six month's speaking tour of California. The first of these speeches will be made in Los Angeles at a time to be announced.

PEOPLES OPPRESSED

For those who would hold meetings in the name of the Hungarian people, he forbids any speech-making that favors opposition to the Hungarian regime.

Even in the trial jury has been established. The powers of my country are holding the people under a frightful yoke. Jews are persecuted. They cannot send their children to very small numbers; 3 per cent of the total number of students."

Four years Father Hock has been separated from his wife with Count Michael Karolyi, one of his friends a leader in the independent party there, at the time their democratic republic was overthrown. He has been in the economic crisis and the dismemberment of the country's territory.

ROSE HILL IS EXCITED OVER FRUIT STAND

(Continued from First Page)

roberies. Girinall's house, barn and garage, the officers assert, was found to contain about 1500 gallons of liquor.

In Taylor's pockets officers say they found four hypodermic needles.

Arrests were made at Girinall's farmhouse near Huntington Park which has been under observation for a week, according to officers. The officers named, with Deputy Sheriff Charles W. L. Hilliard, saw three automobiles in front of the farmhouse yesterday afternoon and decided it was time to make a raid.

The four, Taylor and Girinall alone in the house, were surprised and took them completely. The two men, faced with leveled guns, saw that resistance was hopeless and surrendered, the deputies say.

TAKEN TO CREAMERY

The two prisoners were taken at once to the Huntington Park Creamery and to the scene of yesterday's latest robbery exploit, and N. O. Clark, manager, is declared to have positively identified Taylor.

Taylor is asserted to have entered the creamery on the night of the robbery and compelled him to hand over the contents of the cash register, about \$80, then to bring out a cash box from a rear room that contained 1500 more. Taylor had \$100 in it, it is declared, to a tray of butter and eggs and made his way to an automobile.

VALENTINO IN DETROIT ROW

(Continued from First Page)

There have been very small crowds to see me dance here, but after I have seen Fischer's hall room I know very well the reason.

LESS CAUSTIC COMMENT
It is quite probable that with a little judicial comment on evidence we won't have nearly so much adverse public comment on some juries.

DAY BY DAY, WORD BY WORD
It is hard to see how France can be short of money when one thinks of how much Rene Viviani and Emile Coue have picked up in this country lately.

MIGHT HAVE BEEN NEGATIVED
The Long Beach stick-up man who took a photograph about posing as he relieved him of \$75 wasn't utterly heartless. He didn't ask his victim to "look pleasant, please."

COMING BACK
Bread is reported to be selling at from 34 to 4 cents for a sixteen-ounce loaf in Chicago. That's a better plan than even a Bread Week for re-establishing the crusty white staff of life as an important part of the daily family menu.

ON THE SCALES
A writer on natural history, after discussing the evidences of acute hearing on the part of the denizens of the deep, inquires: "Do fish smell?" We'll say that they do. Sometimes they smell fierce enough to drive a sensitive soul away.

SPEAKING OF MARMS
A German grand opera company just arrived in this country on a Shipping Board line had to give a note for \$15,000 to cover the fares of its members. That shows Uncle Sam is both gentle with Germans and encouraging to art. Nothing is easier for opera singers to utter, yet it is perhaps the highest note they ever reached.

FaITH AND HOPE
An eastern pulpiteer says that going to church in an automobile indicates an absence of true faith. If that be the case there can't be much faith left. Maybe it depends upon the machine. If a man starts for church in some car he might not have a great deal of faith in reaching his goal, but he would at least have a little hope.

THE GAS RECORD
The Los Angeles Gas Company started off the month by distributing 101,000,000 cubic feet of gas in a single day. Every day in some new way we are shattering some old record. This was the high mark for the coast for a single day's consumption of gas. We didn't use it to fill balloons, either. Heat, light and power all make their demands.

A RINTER MAGNIFICENT
The dress industries of the nation have also acquired a high commissioner—a sort of Will Hays; at a salary of \$50,000 a year. His duties are still vague, but it is safe to assume that they have nothing to do with training a \$1,000 woman to wear an \$8 lid. Presumably he will keep the various branches of the industry from biting one another and provide an open field for the fashions. He will never be available as an arbitrator when the husband is trying to convince the wife that last season's gown was the sweetest thing she ever wore.

BLANKS VERSUS BOARDS
Gov. Richardson evidently doesn't care as much for certain State boards as he does for his platform planks.

There is going to be some howling, of course, over the budget he has submitted to the Legislature. But none of the howlers can deny that it is just as essential for a State to live within its income as it is for a successful business institution or a successful family to do the same thing.

The estimated income of the State for the biennial period is approximately \$80,000,000 and it would be the poorest policy in the world to make appropriations in excess of that figure. Therefore the cuts the Governor has made must be regarded as necessary and wise, in the main, no matter how unpleasant some of them may be.

It will be argued, of course, that the reduced appropriations will not be sufficient in numerous instances. But the same argument comes up in every successful business and family. And everyone who has managed a business or a family knows that things which "can't be done" are done, and done very satisfactorily, when they have to be done.

The idea that the people's money should be apportioned on the same principle as a business concern's or a household's is surprising to many people, but it shouldn't be. For anyone can see its wisdom and its justice. And all of us want the State of California to be one of the most successful business institutions on earth.

Besides, that every object should carefully study the figures in the recent election before becoming too demonstrative. The Governor has done just what he promised to do and just what the people overwhelmingly indorsed with their ballots. And whoever objects strenuously to that isn't going to get very far, even though the budget reduces his favorite board to absurdity.

A writer on natural history, after discussing the evidences of acute hearing on the part of the denizens of the deep, inquires: "Do fish smell?" We'll say that they do. Sometimes they smell fierce enough to drive a sensitive soul away.

SPEAKING OF MARMS
A German grand opera company just arrived in this country on a Shipping Board line had to give a note for \$15,000 to cover the fares of its members. That shows Uncle Sam is both gentle with Germans and encouraging to art. Nothing is easier for opera singers to utter, yet it is perhaps the highest note they ever reached.

FaITH AND HOPE
An eastern pulpiteer says that going to church in an automobile indicates an absence of true faith. If that be the case there can't be much faith left. Maybe it depends upon the machine. If a man starts for church in some car he might not have a great deal of faith in reaching his goal, but he would at least have a little hope.

THE GAS RECORD
The Los Angeles Gas Company started off the month by distributing 101,000,000 cubic feet of gas in a single day. Every day in some new way we are shattering some old record. This was the high mark for the coast for a single day's consumption of gas. We didn't use it to fill balloons, either. Heat, light and power all make their demands.

A RINTER MAGNIFICENT
The dress industries of the nation have also acquired a high commissioner—a sort of Will Hays; at a salary of \$50,000 a year. His duties are still vague, but it is safe to assume that they have nothing to do with training a \$1,000 woman to wear an \$8 lid. Presumably he will keep the various branches of the industry from biting one another and provide an open field for the fashions. He will never be available as an arbitrator when the husband is trying to convince the wife that last season's gown was the sweetest thing she ever wore.

BLANKS VERSUS BOARDS
Gov. Richardson evidently doesn't care as much for certain State boards as he does for his platform planks.

There is going to be some howling, of course, over the budget he has submitted to the Legislature. But none of the howlers can deny that it is just as essential for a State to live within its income as it is for a successful business institution or a successful family to do the same thing.

The estimated income of the State for the biennial period is approximately \$80,000,000 and it would be the poorest policy in the world to make appropriations in excess of that figure. Therefore the cuts the Governor has made must be regarded as necessary and wise, in the main, no matter how unpleasant some of them may be.

It will be argued, of course, that the reduced appropriations will not be sufficient in numerous instances. But the same argument comes up in every successful business and family. And everyone who has managed a business or a family knows that things which "can't be done" are done, and done very satisfactorily, when they have to be done.

The idea that the people's money should be apportioned on the same principle as a business concern's or a household's is surprising to many people, but it shouldn't be. For anyone can see its wisdom and its justice. And all of us want the State of California to be one of the most successful business institutions on earth.

Besides, that every object should carefully study the figures in the recent election before becoming too demonstrative. The Governor has done just what he promised to do and just what the people overwhlemingly indorsed with their ballots. And whoever objects strenuously to that isn't going to get very far, even though the budget reduces his favorite board to absurdity.

SCATTERING
A popular outdoor sport in this section just now is putting out onion sets and scattering thin lines of radish seed.

LESS CAUSTIC COMMENT
It is quite probable that with a little judicial comment on evidence we won't have nearly so much adverse public comment on some juries.

DAY BY DAY, WORD BY WORD
It is hard to see how France can be short of money when one thinks of how much Rene Viviani and Emile Coue have picked up in this country lately.

MIGHT HAVE BEEN NEGATIVED
The Long Beach stick-up man who took a photograph about posing as he relieved him of \$75 wasn't utterly heartless. He didn't ask his victim to "look pleasant, please."

COMING BACK
Bread is reported to be selling at from 34 to 4 cents for a sixteen-ounce loaf in Chicago. That's a better plan than even a Bread Week for re-establishing the crusty white staff of life as an important part of the daily family menu.

ON THE SCALES
A writer on natural history, after discussing the evidences of acute hearing on the part of the denizens of the deep, inquires: "Do fish smell?" We'll say that they do. Sometimes they smell fierce enough to drive a sensitive soul away.

1468 Gland Tests
Made by Physician

During recent tests of the efficiency of glandular treatment, the head physician of one of California's State institutions has announced that 90% of over 1000 patients received unusual and sometimes marvelous benefits through the stimulation of the vital glands. Not only have patients experienced a rejuvenation of mental and physical powers, but chronic ailments have disappeared bringing about a general betterment of health.

Hundreds of men and women are now turning to glandular treatment to help regain lost strength, vigor, vitality and health. Since Schatz has prepared a gland compound in tablet, compact tablet form—Glandogone—it is a simple matter to take glandular treatment. Glandogone is a scientifically prepared laboratory tested gland compound, combining the extracts of vital glands of healthy young animals with other efficacious ingredients. It is obtainable at Bloddy-Chambers Drug Stores, 9th and Spring and 8th and Los Angeles; Chambers Drug Co., 1st and Broadway; and Henderson-Chambers Drug Co., 9th and Main. [Advertisement.]

THIS LITTLE
BABY GIRL

Was Benefited by the Good Her
Mother Got from Lydia E. Pink-
ham's Vegetable Compound

Pittsburgh, Pa.—"I took Lydia E.
Pinkham's Vegetable Compound be-
fore my little girl was born, and the
effect it had was wonderful. This
will be the first child I have nursed/

since I have been on it. I was
very nervous and worried, tired all
the time, and after I read about the
Vegetable Compound I tried it and kept on with it.

It still continues its use and recommend
it to my friends. You may publish
me as a testimonial to your product."

W. Kline, 169

Plymouth St., Pittsburgh, Pa.

It is remarkable how many cases
have been reported similar to this one.
Many mothers are left in a weakened
and run-down condition after the birth
of the child, and for such mothers the
care of the baby is of high importance.
Not only is it hard for the
mother, but the child itself will
suffer.

Lydia E. Pinkham's Vegetable Compound
is an excellent tonic for the
mother at this time. It is prepared
from medicinal roots and herbs, and
does not contain any harmful drugs.

QUICK RELIEF FROM
CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards' produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and a calomel oil salesman, has discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath, dull, tired feeling, sick headaches—torpid livers, constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to sleep right. Try them. 5c and 25c. [Advertisement.]

People and Their Troubles

THE LAST WORD.
BY ALMA WHITAKERSouth Sea
Intelligence

Frederick Burlington, Borneo explorer, has been trying to coax the League of Nations into isolating a jolly little subdivision in the South Sea Islands where civilised intelligentia (troubled highbrows) may go to recuperate from the strain and anxieties of civilization. He still dreads the time when there are no nice remote tropical places for the intelligentia to fly in for relief.

Lord Balfour declined, gently but firmly. But he agreed that it should be done.

"Among the arguments offered by the explorer was that he had found the wild men of Borneo so delightfully tame. (What a shame to imagine him as a savage!) and that upon them—perhaps Lord Balfour thought of that—Everyone in the jungle, said the explorer, watched his step and minded his own business. He had never seen a dog kicked in the happy clime. Wild men of Borneo never lie or steal. But—oh, there is always a fly in the ointment."

For "justice is swift and vengeance rapid. Unfaithful wives get rough treatment. Anit, my chief brazier, discovered his wife with a lover. He cut her into hamburger and then sold the meat to the dairymen, thus robbing them of their hamburger steak and having to eat hamburger steaks for the sake of a little romantic appreciation, from a lady who doesn't care what the cost is."

What is the use of us making nice gentlemanly laws and censorships on the subject of romantic morality, if even so drastic a denouement cannot make a difference from a文明 which loves?

When even nice gentle wild men of Borneo, who don't lie or steal, can't resist the temptation to eat hamburger steak, it is probably Borneo's arch-mistake.

But this sort of thing creates most of the trouble in the world. We must find a solution. And there is a good deal to be said for swift justice and rapid vengeance on hamburger lines if it is applied to the rich, too. This is probably Borneo's arch-mistake.

But the really alarming revelation which the explorer makes is that, in a country where Justice is so swift and vengeance so picturesque and diplomatically effective, one can still have unfaithful wives and reckless lovers. Is there no cure for this social lapse?

Perhaps, however, the wild men are misapplying the Justice. Now, if the lovers were cut up into hamburger and the lady had to do the eating, I prefer to think that my world would be the more fastidious.

Besides, I still insist that most of the trouble in these romantic amours. Yes, even in civilization. If he did not persist in the exploitation of his charms, in his cozening ways, in his general come-hitherness, my world would be a better place.

Things have to go to any amount of trouble to be attractive. They do it merely on their natural charms. I can't believe that the world of Borneo, unadorned and unadorned, is not a great industry.

In this matter here a supplementary petition was decided to be legally invalid.

Here on Long Beach efforts to build a highway which is urgently needed have met difficulties equal to those at Hollywood.

FILLMORE CONDIT.

Street Signs Blah

LOS ANGELES, Feb. 6.—[To the Editor of The Times:] It would be gilding the lily, doubtless, to improve your beautiful city in any way; but just the same it seems to me that a new newcomer that does not fit in with the city's atmosphere.

By this I mean street signs.

For instance, the street signs hereabouts are very blah. They are small and lettered, they are hard to read in the day time; it is hard to read in the day time; it has to go around the corner to read the designation of the street name.

It is common to all right for street car riders and automobile drivers it isn't.

Signs painted on the curb, as in some surrounding towns, would be better.

And why are there not more parks in Los Angeles? And why are the newer sections almost entirely devoid of trees?

G. S. K. DOWSON.

LETTERS TO
THE TIMES

A Defender of Carl Laemmle

LOS ANGELES, Feb. 6.—[To the Editor of The Times:] I take no issue with Mr. Ed Sedgwick, Sr., in his recent article in your paper about movie star Carl Laemmle.

He objects to Mr. Laemmle having become a multi-millionaire within a dozen years. I do not know Mr. Laemmle at all, but believe he is a good man.

He may be temperate. We poor things, have to go to any amount of trouble to be attractive.

They do it merely on their natural charms. I can't believe that the world of Borneo, unadorned and unadorned, is not a great industry.

In this matter here a supplementary petition was decided to be legally invalid.

Here on Long Beach efforts to build a highway which is urgently needed have met difficulties equal to those at Hollywood.

It is common to all right for street car riders and automobile drivers it isn't.

Signs painted on the curb, as in some surrounding towns, would be better.

And why are there not more parks in Los Angeles? And why are the newer sections almost entirely devoid of trees?

G. S. K. DOWSON.

Too Many Dog Savers

HOLLYWOOD, Feb. 6.—[To the Editor of The Times:] In connection with the reports of rabid dogs and their casualties, I do not ask why is a dog; but I certainly want to know why is a caniman-tac?

He has taken all the financial risks and always had the pay roll ready, no doubt, often he worried where it would come from.

A man that has given and still gives, and that is equipped with irreducible charms that certainly rarely appear on the surface.

Let the ladies of Borneo, forsooth, be chopped into mincemeat for sunburned, hyperactive, intangible, utterly incomprehensible lures—and Mr. Burlington would like our intelligentia to have the opportunity of being amongst them in their own right.

Mr. Laemmle certainly has been on a large scale a distributor of wealth, not only in this city, but all over the United States.

LEO GALITZKIN.

Nonresident Signers

LONG BEACH, Feb. 6.—[To the Editor of The Times:] Although a resident of Long Beach, I have appealed to very summary on Borneo, never to blame. Our "unwritten law" to which so many of our judges and lawyers recently gave

their assent.

YOU HAVEN'T
Seen
California
UNTIL—

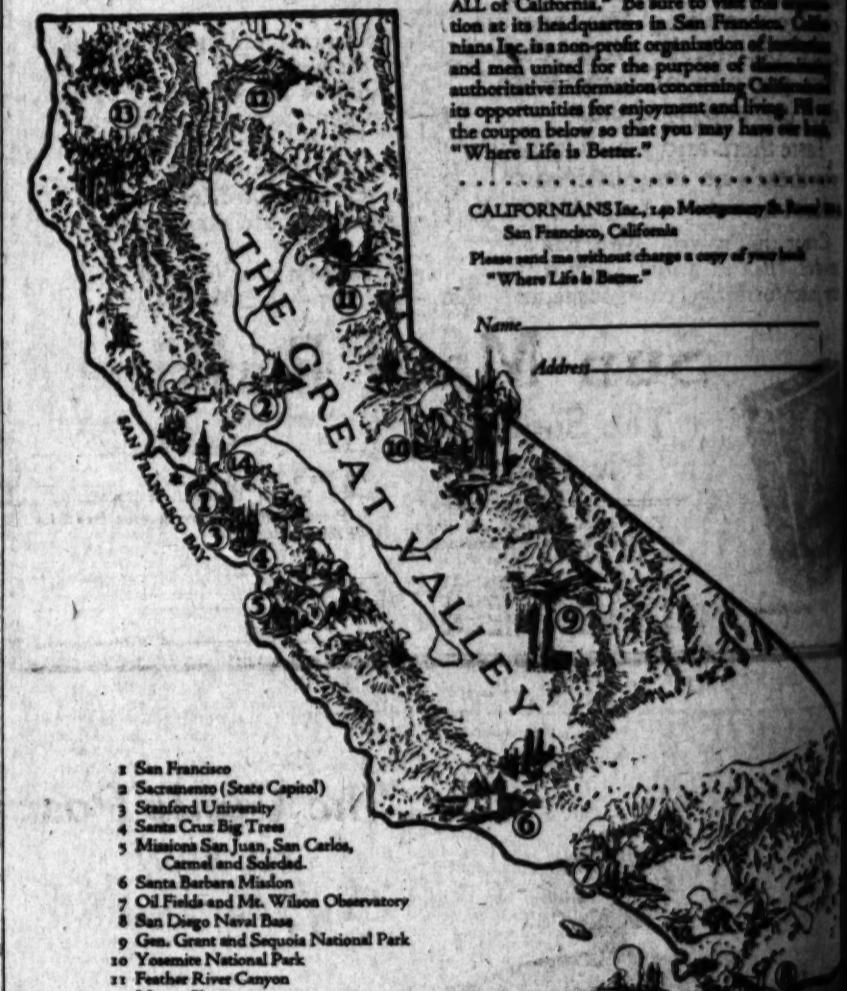

NO single section of California completely represents California—in its scenic background, in travel-pleasure opportunities. You can not even have really seen California until you have seen ALL of this great state. A visit to San Francisco will place you in the very center of rich fields of opportunity. For California's early romantic history had San Francisco as its starting point. Today San Francisco offers memorable jaunts which include historical sight seeing and a diversity of scenic attractions unparalleled in their beauty and appeal. Then the mighty redwoods to awe you—great productive valleys yielding a variety of products that will amaze you—mountain and marine views that always inspire. Besides this is the chance to see the wonderful opportunities for living and working in the state of California. And there is San Francisco itself—one of the few truly distinct cities in the world from the standpoint of location, life and romance. Plan now to visit San Francisco and all that it offers. You haven't seen California until you do.

Accept the invitation of California Inc., ALL of California. Be sure to visit the exposition at its headquarters in San Francisco. California Inc. is a non-profit organization of business and men united for the purpose of disseminating authoritative information concerning California's opportunities for enjoyment and living. Fill out the coupon below so that you may have our "Where Life is Better."

Name _____

Address _____

HARRY H. MAIN, representative of the Central Coast Counties of California, delivers daily between 11 and 11:30 a.m. at the Los Angeles Chamber of Commerce, a lecture illustrated with screen views. Everybody invited. He will be glad to furnish you with literature and information supplied by Californians Inc.

We have stores all around us where we can buy anything that agents carry and in many cases, the pins, needles, etc., they offer at your door are so inferior and poor that after paying their price, you have to throw them away.

Monday is their day; seven is an average number, they get behind the door casing, so you cannot see whether it is a friend calling on you or a stranger, until you open the door, you leave your washing, baking or meat preparing, all the work around here, and then find it only an agent for a vacuum cleaner.

We had seven in two days, sewing machines, phonographs, cameras, stockings and the ticket price for a theatrical estate men, giving you a "free" ride and lunch, and when you get back to your kitchen, you find your cookies burnt, kettle boiled dry and in tubs cold. Can you wonder we have no use for agents?

Some of my neighbors have put up signs; others have a dog and like me, if I see the agent first, he does not mind me for I do not answer the door.

I have not made it half as strong as I feel but do not want to use more space.

ELIZABETH HAUSER.

Need More Room

LOS ANGELES, Feb. 7.—[To the Editor of The Times:] The Y.W.C.A. Hotel, 1097 1/2 South Figueroa Street, is utterly inadequate to meet the needs of Los Angeles.

Today twenty-five women and girls were turned away and last night a mother and daughter slept on the floor of the lobby.

Rooms previously occupied by three women now have four occupants, while still young girls walk the streets of Los Angeles in search of a room.

The Y.W.C.A. secretaries lament their inability to help these girls, but what is there to do? Many of them have gone to the private schools at other hotels. In her hotel's name suggest a way for the business woman to live in Los Angeles without paying more than her monthly salary in hotel bills.

JOHN MARTIN.

HELLMAN BANK is

Luscious— Made With Raisins —and already baked for you

SAVE the trouble and the time of baking pies at home, yet give your men folks pies that are exactly to their taste.

Master bakers and neighborhood bake shops in your city are making luscious raisin pie fresh every day. Your grocer or these bake shops can supply them.

Taste them and you'll know why there's no longer need to bake at home.

Currant's light and flaky—tender, thin-skinned, juicy fruit, the juice forming a delicious sauce!

There's nothing left to be desired in a pie.

Made with finest seeded Sun-Maid Raisins.

1560 calories of energizing nutriment per pound in practically predigested form. Rich in food-iron, also—good food for the blood.

Make cakes, puddings and other good foods with them.

You may be offered other brands that you know less well than Sun-Maid, but the kind you want is the kind you know is good. Insist, therefore, on Sun-Maid brand. They cost no more than ordinary raisins.

Mail coupon now for free book of tested Sun-Maid recipes.

MISSION BACKS DRY BOUNDARY

**Latin-American Group
Praises Mexican Expression**

**Resolutions Indorse Boards
of Film Censorship**

**Enforcement of Wright Act
Urged at Conference**

"Resolved that we express our gratitude to the Mexican government for the information, just received, to the effect that government is desirous of establishing a dry zone along the border. We desire to record our hearty approval of this move."

This resolution was unanimously adopted yesterday by fifty ministerial delegates to the fourth annual session of the Latin-American Mission, in conference at the Plaza Mexican Methodist Church, Glendale, state of California. W. M. McCombs, D. D., superintendent of the Latin American Mission, to the effect that officials of the Mexican government have promised to use their influence to establish a dry zone along the border.

A copy of the resolutions, which also include a clause favoring boards of censorship for moving pictures will be sent to officials of the United States and the Mexican governments.

GOVERNORS ARE INCLUDED

W. W. Dr. Combs refused to divulge the names of the Mexican authorities who he said had voiced their desire to see a liquorless zone established along the Mexican-United States border, he said the officials include not only representatives at Mexico City, but also governors of border States.

All pastors and workers of the Latin American Mission, which comprises California, Nevada and portions of Mexico, were called to assist authorities to enforce the Wright Act. The recommendation was continued in the report of the Committee on Temperance. The chairman is Rev. Ralph Rader, pastor of the American Center of Sacramento.

"We urge our Mexican workers to warn their people against the insidious propaganda to bring back liquor," he said, said Rev. Mr. Rader. "Let us show that we uncompromisingly stand against the return of booze in any shape, form or fashion. We also urge our workers to work, by precept and example, against the use of tobacco and alcohol. Let us use our voice of protest against the increasing use of the cigarette. We desire to continue on record as unalterably opposed to the modern dance."

CENTER WORK APPROVED

The report included commendation of the work accomplished during the last year by the Friendly Center of San Francisco, the American Center of Sacramento, the Plaza Community Center of Los Angeles, the Mexican Community Center of Santa Ana and the Friend Center of Bakersfield.

Mr. Rader, said that every effort be made at the various centers, to provide equipment to include shower baths, reading rooms, gymnasiums and motion picture paraphernalia.

The speakers at the meeting were presided over by Bishop William C. Shepard, in charge of the Latin American Mission work, and in his address he asked greater efforts toward arriving at better mutual understanding and a good will between the Anglo-Saxons and the Latin elements of America.

Among the principal speakers yesterday were Rev. E. H. Stein, D. D., pastor of the Plaza Methodist Church, and Miss Katherine B. Higgins, in charge of the women's work of the church.

Wife's Letter Wins Divorce for Husband

A wife's letter to her husband after she left him was the basis of a divorce action in Superior Court yesterday afternoon, in which Clarence Bach was awarded a decree from Mrs. Eugenie Bach.

The letter read, in part: "I suppose I have to go to the trouble again of refusing to live with you. Furthermore, I don't care to hear from you. Don't ask me to return. You say you want me to be happy. Then let me alone. The next letter in your handwriting will be returned. Try to realize you are about the last person I think about."

The Bachs were married in 1917 and separated in September, 1921.

'Real Husband' Would Cost Her Just \$100,000

The statement that her husband, William H. Mairet, promised to be a "real husband" only on condition that she give him every nickel of \$100,000 in her possession yesterday won a divorce decree for Mrs. Rose Mairet in Superior Court.

"He said he could be a fine husband if he wanted to be," Mrs. Mairet testified. "But he said if I wanted him to love me, I must give him all my money." Mrs. Mairet told of instances in which she said her husband had not performed creditably when she refused to part with the money.

RAIDER BREAKS LEG

Police Search Fails to Find
Asserted Liquor Supply

Police search for asserted liquor in a building near the intersection of Fourth and Commercial streets was interrupted yesterday when one of the raiding officers fell through a trapdoor and broke his leg.

The injured officer is Walter Evans, 35 years of age, assigned to the vagrancy squad. He was treated at the Receiving Hospital. No liquor was found.

HILL STREET CURB LINES
Continuing its work of taking all necessary steps promptly so as to open Hill street between West Washington street and Thirty-eighth street as soon as possible, the City Council yesterday established the curb lines.

Old Dutch keeps kitchens tidy

Old Dutch is a tidy housekeeper.

Indeed this thrifty modern helper ranks high among the labor savers that help good housekeepers get their work done quickly, easily, thoroughly and at less cost.

The secret of this lies in its character. It is a natural cleanser, mined from the earth. Its very fine particles, due to their flat shape, make complete contact with the surface. They therefore cover more of it and do more cleaning, with less material.

It contains no hard, jagged grit which touches the surface only on its sharp corners and scratches and grinds in the dirt, making cleaning difficult and requiring more frequent cleaning. Old Dutch removes the dirt—not the surface.

Let Old Dutch have the run of the house.

You can
quickly tell an
Old Dutch kitchen

WOMAN VETERAN OF WAR TO VISIT

National Head of Overseas League Arrives Today

City Officials to Welcome Miss Louise Wells

Former Angelino Will be Honored at Dinner

Miss Louise Wells, national president of Overseas Women of the World War, who was one of the chief honor guests at the national convention of the American Legion at New Orleans, will return to Los Angeles, her native city, this morning, after an absence of two years.

Mayor Cryer has appointed a delegation of city officials to meet her as she comes from Chicago over the Santa Fe. Miss Elizabeth Hill, president of the local unit of overseas women, will also head a delegation to welcome Miss Wells, who has been active in the movement to secure recognition of overseas official recognition from the Federal government. The men who fought have recognition, of course, and even the horses and mules, but the overseas women, both women, either Red Cross nurses or others, have none whatever.

Senator Shortridge of California has introduced a bill which will give the same recognition the women desire. The bill has passed the House and is now in the Senate. Senator Shortridge is a member and will come up in the Senate in the near future, where it will undoubtedly be favored, according to Senator Shortridge, who wired the local unit of the women to wire him.

Miss Wells, who is a daughter of W. A. Wells, vice-president of the Santa Fe, is a graduate of Bryn Mawr School for Girls and has many friends here. She will be honored at a dinner at the Elite Tuesday evening at 7 o'clock, when the speakers will include Mayor Cryer, Burton Fitts, Mendel Silverman, Mrs. John G. Kevernian, Mrs. C. C. Cain. Miss Hill will preside and Mrs. Ida McGinnis Gibson will be toastmaster.

Mayor Cryer to Talk
An address on "Reapportionment" by Mayor Cryer will be the main feature of tomorrow's meeting of the Republican Study Club at the Angelus Hotel. The subject of reapportionment is a much-disputed one at present and the opportunity of hearing Mayor Cryer's views on it makes the meeting of exceptional interest. The meeting, which is to be in the form of a luncheon, will be open to the public and applications can be made by calling Mrs. Kevernian at 12741 or Pico 8484.

At Estudante T.W.C.A.
A program of special interest is to be given this evening by the Estudante Club to the members of the Young Women's Christian Association. The program will be given at 8:15 in the T.W.C.A., 241 South Figueroa street. This is the first time the Estudante Club has ever been on by various women's clubs of the city for the association members.

The following program will be given: Three songs, "Yesterday," "Today," "May Day," "Trees" will be sung by Ruth Bressen Payette; Elsa Matthews will give the one-act play, "Ashes of Roses" by McKay, and Helen Morrison will give two groups of piano pieces.

Big Sisters' League
Today the Big Sisters' League will give its monthly social at 7 o'clock. There will be three numbers on the program. Elsa Matthews, a charming reader, will give the one-act play, "Ashes of Roses" by McKay, also short recitals in a lighter vein. Ethel Reid Water, a solo from Cincinnati, will sing two groups of songs. All friends and members of the

Will Appear on Club Program

Ruth Bressen Payette

league are earnestly requested to attend this meeting. There will be no sewing in the morning, but the board and chairman of committees will hold a business meeting.

Mother's Club

A most interesting program has been arranged by Mrs. E. H. Mahl, reservation chairman of the Echo Park Mothers' Club for the regular meeting today. The gymnasium class under the efficient leadership of Miss Schull will meet at 10 a.m. The class is growing every week and keen interest is being shown. The class will start at 11 a.m. with a talk on current events by Mrs. Bernice Johnson, followed by one of her humorous monologues entitled "Pigeon, the White Mule." Mrs. Johnson needs no introduction to clubland and a program by her is always thoroughly enjoyed.

Arrive at Rockies

An illustrated lecture on the Rocky Mountains, with special reference to the Canadian national parks, will be given tomorrow evening at 1250 South Figueroa street, by Mrs. Julian W. Henshaw, a lover of mountains and author of world fame. The lecture will not be from the viewpoint of the scientist, but rather from that of a true lover of nature.

Women's Alliance

Dr. Frank Ballard will speak on "The Genesis of Unitarianism" before the Women's Alliance at the Unitarian Church at 925 South Flower street today following the luncheon at 12:30 p.m. There will be the usual sewing in the morning.

SOCIETY

Luuncheons for New York Guest

One of the smartest luncheons of the season will be that which Mrs. Philip Gay Cottle, 1591 West Second street, will give at the Garden Club tomorrow. The event is to honor Mrs. John G. Connelly, Mrs. John C. Miller and Mrs. Cottle's mother, Mrs. L. H. Newton. Mrs. Collingwood is Mrs. Newton's house guest.

Supper at the Valley Hunt Club

Mrs. Alice Hoyt will have a costume party with her next Sunday evening for a supper party and music at the Valley Hunt Club.

Yea Dances Given

Miss Martha Black, the young daughter of Mr. and Mrs. John Black, entertained fifty of her friends in the dance studio of the Ambassador last Saturday afternoon. It was a cheerful affair with many young girls in gauze and bright colored flowers. A trained monkey furnished much amusement and there was dancing from 3 till 5 o'clock. Miss Florentine Goodwin assisted Mrs. Black.

Arrive Here Prior to Yacht Cruise

Mr. F. C. Hubbell and Mr. and Mrs. Grove Hubbell from Des Moines will arrive Monday and for a few days will be the house guests of Mr. and Mrs. George Harkack, 536 South Serrano avenue, before starting on a cruise in Mr. Hubbell's yacht. These visitors will be the inspiration for much entertaining during their stay.

Mrs. J. H. Windsor of the Garden Court Apartments, Hollywood, will give a dinner for them at the Ambassador Tuesday night. There will be twelve guests and it is to be distinctly a Valentine party in all the appointments and decorations.

TEXTS TOO NUMEROUS

Edgar D. Robinson Says He Can't Stand Wife's Religion

Religious texts from morning till night, and frequent declarations in front of his friends that he was going to hell, constituted the fare served for twelve years by Violet J. Robinson to Edgar D. Robinson, he testified yesterday in his divorce suit before Judge Sumnerfield.

"I have the utmost respect for her," he said, "but I cannot stand her constant nagging and religious mania."

Mrs. Robinson did not answer the suit, but was present in court. Judge Summerfield called her to the stand. She declared she still loved Robinson and didn't want to be divorced.

"When I received the summons in this case I felt like a lamb led to the slaughter," said Mrs. Robinson.

At Home to Friends

Mrs. Edmund Wilson of Chester Place was at home to her many friends yesterday afternoon and evening.

Coming Marriage Announced

Miss Mary Frances Roe, daughter of Mr. and Mrs. William F. Roe, will be married to Robert Wadsworth Townsend, on the 13th inst., in St. John's Church. The

CATHOLIC CLUB IS DEDICATED

Former President of Friday Morning Body Speaks

Growth of Organization is Compared With Racer

Formally Blessed by Bishop of Los Angeles

"It is a great thing when we walk off space and call it ours. But the mere inclosing of space is not enough. We must vitalize it by charging it with strength and filling it with memories." In this way Mrs. O. P. Clark commenced her congratulatory talk at the dedication of the home of the Catholic Woman's Club yesterday afternoon. This reception preceded the formal opening last evening.

The appearance of Mrs. Clark was of great significance to those present for she was a former president of the Friday Morning Club and had presided in the room when it was part of the Friday Morning Club's home. For the most part, there was little in the atmosphere or appearance of the clubhouse yesterday afternoon to distinguish it from the old home on South Figueroa street.

The whole building has been decorated in the warm tones of mahogany and every room a magnificently appointed room of a private home rather than of a public building. This is just the effect which members of the club have striven for and the whole undertaking represents a realization of the ideals of the Catholic Woman's Club.

Mrs. Clark aptly expressed this thought when she said, "We are the Friday Morning Club who so greatly desire the clubhouse to you, in which we have kept the beauty of the building and have breathed your personality into it. It stands up with nose in the wind, undaunted, looking into the future."

The room, which is a most impressive, commenced with the dedicatory address by Mrs. Edward C. Higgins, founder and president of the club. She reviewed the past undertakings of the organization, beginning with its formation six years ago. Hailing its advent and progress in Los Angeles club life to a race in a boat race, at every streamer flying. At the end of her address she turned to Mrs. M. J. McGarry, who introduced the speakers.

Other speakers were Mrs. Harry L. Dunnigan, chairman of the building committee, who formally handed over the building to the club; Mrs. Herbert A. Cable, who reviewed the progress of the club and expressed wishes for the future; and Mrs. Ashley cleverly gave a short talk on the importance of women's clubs and their future power.

The musical program followed given by the choral section of the club, directed by Thomas Taylor Drill. Their selections were as follows: "A May Morning," "Morning Has Broken," "Pale Moon," "Ariette," "The Cross," "Debutante," and a charming selection by Miss Olivia Baier, "Debut in Jour." Adele C. Charpentier, and a song by Mrs. Adele B. Devereux entitled "Musical Chair."

At last evening's program the formal blessing of the clubhouse was given by Rt. Rev. John J. Cantwell, Bishop of Los Angeles. He later gave an impressive talk.

The crossroads during the evening were Mrs. Edward C. Higgins, George R. Kress, Mrs. John C. Urquhart, Mrs. Frank A. Gibson and Judge Paul J. McCormick. The program closed at 9 p.m. in the afternoon with many delightful selections by the choral section of the club.

Wife Tired of Rows

The principal pastime of George W. Averill, a former attorney, who is quarreling with landlords, his wife, Mrs. Sylvia D. Averill, declared yesterday in her divorce suit filed in the Superior Court of Los Angeles, that she has been the victim of these quarrels, she asserts, and Averill's refusal to pay rent, they had to move very frequently. Averill was disbarred some time ago.

THE NEW

IN STORES AND HOMES

NOVELTIES, IDEAS AND PRACTICAL SUGGESTIONS

By Olive Gray

Up-to-Date:

Crepe, both silk and cotton for summer gowns, wondrous creations which stimulate in weave the heavier fabric of oriental rugs and in coloring seem to have robbed the caravans from ancient crypts of Egyptian royalties. To satisfy artistic art in dress creating, silk as soft as vernal breezes from out the South as colorful as spring-time meadows in fall bloom and lushly green. Cottons simulating, if not rivaling in sumptuous weave and coloring their regal cousins, more silk and woolens.

Woven Posy:

That it is no trouble at all to serve planked dishes at home and viands thus sent to the table seem to have quite a different taste.

Woven posy is now an obtainable street frocks; if a cape of gray-printed foulards; if a cape of fawn is worn with the frock it is lined in plain color.

"Cire" satin or velvet is being used in combination with straw for the spring.

"Agraffé" Chinese smocks of fancy material will be worn over skirts of white satin.

"Persian" embroidery in red, green and gold trim a dress of plain Roman crepe.

"Cotton" crepe, powdered-creme blouse have collars and cuffs of white satin.

"All afternoon" frock of black crepe de chine has sleeves of brilliant chiffon.

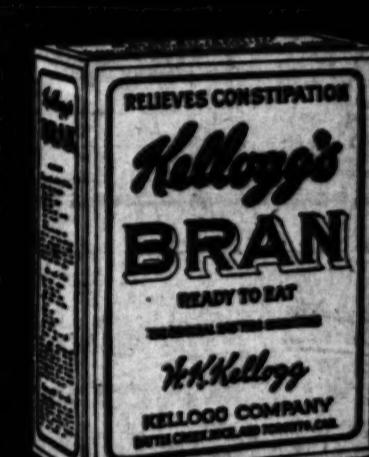

The one-piece dress and the full-skirted frock with straight corselets favor favorites.

"White straw hats for wear with morning dresses are trimmed with gingham flowers.

KNIGHTS TO DANCE

A Knights of Columbus ball will be given tonight at the order's auditorium, 412 South Flower street, for the members of the Cecilia Institute, Young Ladies Institute, and Conaty Council 29, Young Men's Institute.

KELLOGG'S BRA
is a blessing to human
It relieves Constipation
because it is ALL BRA

Kellogg's Bran every day is permanently relieving thousands of constipation sufferers throughout the world. No other food in history has done so much to give back health to men, women and children. IT IS SCIENTIFICALLY PREPARED TO HELP SUFFERING HUMANITY AND IT WILL DO THAT AS NO OTHER FOOD CAN! Physicians universally are endorsing Kellogg's Bran because it acts naturally and positively, and because it frees sufferers from the habit-damaging effects of tractive cathartics.

Kellogg's Bran is a natural bowel agent, useful. Without the slightest sweep, cleanse and purify, removing off some of the most dangerous diseases to which human are heir.

Don't delay this natural

FRESNO POLICE ROW IS REVIVED

Officers Demand Salaries for Suspension Period

Were Off Duty for Asserted Klan Membership

City to Fight Case; Men Are Back on Job

EXCLUSIVE DISPATCH
FRESNO, Feb. 7.—Re-opening a phase of the Ku Klux Klan controversy that rocked the city last year, five men who were suspended from the police department by Mayor T. G. Hart for a period of six months because of asserted membership in the Klan, today made a demand for \$4500 back pay covering the six months suspension period. The men were reinstated in the department last October by the City Civil Service Commission. Their demand is made on the city through Commissioner of Finance Charles Dillon and is understood to be the preliminary to civil action in the courts.

The five are: R. E. McNickle, D. A. Land, S. A. Meek, Henry A. Hall and R. H. Wise. No demands are presented by Artie C. Wright and John J. Womack, also suspended. Womack, however, is asking to ask for his forfeited pay later on. Each of the men asks for \$900 or pay at the rate of \$150 a month.

The city will refuse to allow the demands, Mayor T. G. Hart said, and will contest any legal action that may be brought to support them.

The battle that resulted in the reinstatement of the policemen continued throughout the six months period their claims covered and was the cause of much feeling.

Musical separation of entire season at Hotel del Coronado, Sunday night, February 11.—[Advertisement]

Missing Baby Is Found Lying in Pond; Will Live

EXCLUSIVE DISPATCH
SAINT PAUL, Feb. 7.—Clayton Robbins, 2-year-old son of S. E. Robbins, South Seventh street, this city, was picked up by his mother this afternoon from the small ornamental pond of the City Park apparently drowned. He had been missing from home only a short time, but when found was lying face down in the water with life seemingly extinct.

Frank L. Masek, secretary of the Santa Paula Chamber of Commerce, was on the scene of the street when the screams of the frantic mother called his attention and he hurried the baby to the office of a doctor, where artificial respiration restored heart action and the child will suffer no permanent ill effects.

PUPILS SAVE MONEY

School Children of Van Nuys Start Bank Accounts

LOCAL CORRESPONDENCE
VAN NUYS, Feb. 7.—Reports from the two local banks show that the school children of the city now have bank accounts following the inauguration of the savings campaign of the "Los Angeles Banks' Schools Savings Association." This means that over 50 per cent of the pupils in the schools in Van Nuys have started saving. The average deposits for the first month reached more than \$2 while many in the second month have already gone beyond \$5. It is in mind to see who will secure the largest deposit at the end of the school year.

ORANGE CROP ABOVE YIELD LOOKED FOR

LOCAL CORRESPONDENCE
COVINA, Feb. 7.—Shipping of oranges from the Covina district is again actively under way. Large fruit of good quality constitutes a great portion of the crop, with the large and small ones of the small sizes to balance, but in general the crop is satisfactory, and somewhat greater than had been estimated, the increase being probably due to the fine weather. The old cold snap caused general alarm among the growers, and some orchard heating was done, but no traces of frost damage are apparent, and the crop will run full 25 per cent of a normal crop. The earlier estimates ran around 25 per cent.

CLOTHING, GUNS AND JEWELRY ARE STOLEN

LOCAL CORRESPONDENCE
ORANGE, Feb. 7.—Clothing, guns and jewelry valued at \$150 were stolen by a party of burglars who entered the home of D. P. Lytle at Santa Ana, Canyon near here, it was reported today.

The robbery is believed to have taken place between the hours of 11 a. m. and 1 p. m., yesterday, during which period the family was absent.

COVINA BUILDING POOL

LOCAL CORRESPONDENCE
COVINA, Feb. 7.—Work has been begun on Covina's \$20,000 plunge pool in the new city Park, and it is expected to be completed in time for the opening of warm weather. When completed this will be the only swimming pool between Alhambra and Pomona. It will be 60x100 feet, with ample dressing rooms and will include all the latest approved features of the modern plunge.

NEW FLOOD CONTROL

Mattresses of Rock Used for Building Levees Along San Gabriel Near Monrovia

LOCAL CORRESPONDENCE

MONROVIA, Feb. 7.—A unique and highly promising method of flood control, wherein mattresses of rock made up of boulders sewn into the heaviest of galvanized chicken wire are used in place of concrete, is finding favor with the county and State flood control commissions, who are now completing an extensive system of levees along the San Gabriel River, from the mouth of the San Gabriel Canyon to the new Glendale bridge. A strip of 600-feet of this wall extending from the present highway bridge to the Pacific Electric span will be finished within a few days.

The advantages claimed for the new type of construction are that it is considerably cheaper than concrete, and more important, does not crumble and break under the attack of huge stones sent down by the river at flood time. It cannot be undermined, for as the stream bed is washed out from beneath, the flexible nature of the stones sage down and dams the break of its own accord. The wire, heaviest that can be obtained and galvanized against rust, will last for many years.

It is said that the local work is the first of its kind to be done in Southern California, and that if it continues as successful as it now appears, it may prove the most important factor in flood protection, saving more than fifty men have been at work on the job since May. Nearly a carload of wire is used a week. Completion of the work will mean the protection of many valuable citrus groves in Duarita and the valley below Monrovia.

For your bath Dr. Brady's Cocoa Almond Soap, enjoy the difference.

LONG BEACH ANTI-SPLITS URGE HASTE

Another Protest Meeting is Called in Redistricting Row by Property Owners

By a "Times" Staff Correspondent
LONG BEACH, Feb. 7.—Another protest meeting against the action of the Board of Supervisors splitting the city of Long Beach into two districts has been called for tomorrow night by F. B. Dunn, president of the Long Beach Property Owners' Association.

In the call for the meeting, Mr. Dunn said that the meeting will be the time allowed by law for protest of the action taken by the supervisors. The meeting has passed, and that some stand should be promptly taken.

The meeting will have before it the stand of the Supervisors on the Chamber of Commerce proposal for making Long Beach a separate city.

In the call for the meeting, Mr. Dunn said that the meeting will be the time allowed by law for protest of the action taken by the supervisors. The meeting has passed, and that some stand should be promptly taken.

Attempted Store Hold-up
Charged to Man Wanted
in Kansas City

Mike Padess came out to Los Angeles from Kansas City to be a hold-up man because he had heard that "the pickings were good" here, according to a confessor he is said to have made to police.

His career as an amateur hold-up artist was cut short abruptly yesterday, however, when he was arrested after a chase by Patrolmen Torres and Dowell after he tried to hold up J. Weinstock, the latter's dry goods store at the intersection of Second and Main streets, according to police.

Padess according to the confessor, who is said to have made, entered the Weinstock store yesterday morning and paid down a \$1 deposit on a suit. Several hours later he returned to the store and paid another \$1.50 bill according to his purported confession.

When Weinstock opened the cash register to make change Padess is said to have covered him with a revolver and threatened him with death unless he turned over all the money in the store.

Weinstock, however, proved a tough customer. He grappled with the asserted hold-up man and cut out for the police.

The two officers who were

standing on the west side of Main street heard his calls.

They saw Padess fleeing from the store and gave chase, capturing the man at the intersection of First and Main streets. When the prisoner was searched at the station, a revolver, "bully" and a pair of handcuffs were found in his possession. Padess, according to the officers, was carrying an article in Kansas City when he decided to "become a hold-up man."

Detectives Hautrey and Barr, who investigated the case, stated that Padess is wanted in Kansas City on a charge of robbery.

The man is described as being 5 feet 5 inches tall, weighs 165 pounds, has brown hair and blue eyes. He is 19 years of age.

Two Men Held in \$10,000 Bond on Federal Liquor Charge

Floyd Settle and George Sawyer were before U. S. Commissioner Long, yesterday, on the charge of conspiring to violate the prohibition law. They were each held in

on a bond of \$10,000.

It is charged that Settle and Sawyer fixed up a scheme with two other men, posing as policemen, who have not yet been apprehended, to buy and sell three assumed moonshiners, F. H. Liles, Henry Rubio and Joe Morelli. When the stuff was delivered to the "officers" possessed on an asserted bootlegging run and took the liquor from them, paying nothing for it and dividing up the stock among Settle, Sawyer and the bogus officers, the prohibition law was violated.

The trial will be held at the exception of the would-be officers, is in the County Jail.

REZONING ASKED

Welfare Committee in Favor of Rezoning Planning Board

As the result of an appeal by a large number of property owners of short and trowsers, Boston has been searching Anaheim for a vicinity for the new hospital to have an infected person in a local hotel early this morning.

The fugitive, who declared he is a brother of Jack Johnson, a negro pugilist, made his escape through a hole in the floor of the hotel. The fugitive started when Storey arrived on the roof with a knife and a revolver. Johnson stated that he had been trying to reconcile them when Mrs. Fredericks came to the Council this morning.

KO-FAN COMPANY IS HOST TO ITS FRIENDS

The officers and directors of the Ko-Fan Company were hosts at an entertainment and ball to their friends in the main ballroom of the Alexandria, Saturday evening of last week, which were repeated Monday and Tuesday evenings of this week. About 1000 guests were present. Walter Davis, manager of the organization, made a brief speech of welcome on behalf of the company and outlined some future plans. Gage Christopher, the song leader, was present and led the singing of many favorite songs of the day, after which dancing to the music of the Foy Moon Orchestra. Refreshments were served throughout the evening.

CONTINUE DISPLAY IN SUNKEN GARDENS

In order to continue for seven months the horticultural display in the sunken gardens at Exposition Park, the Finance Committee of the City Council agreed yesterday afternoon to recommend an appropriation of \$7500. The County Union and Supervisor will contribute an equal sum. The display was arranged by the Southern California Nurserymen's Association and has attracted thousands of visitors.

CITY OF HAWTHORNE WINS COURT DECISION

The city of Hawthorne is a legal corporation and will not be compelled to disincorporate, according to a decision announced yesterday by Judge Clegg in Superior Court.

It is decided that the corporation, which had been incorporated for a period of time, will bring the total up to the five-mile mark.

YOUTH SAYS "PICKINGS" ATTRACTED

City Council Committee Approves Drawing up of Ordinance to Stop Pershing Square Feeding

The Public Welfare Committee of the City Council yesterday afternoon agreed to recommend to the City Attorney to prohibit the feeding of pigeons at Pershing Square and would give the park department authority to and remove them from the park.

This action was taken following the appearance of a number of owners of business buildings surrounding Pershing Square who told of the damage done by the pigeons to their property.

"As a lover of birds," said Dr. Milbank Johnson of the Pacific Mutual Life Insurance Company, in addressing the committee, "I believe the pigeons which gather in large numbers at Pershing Square should be removed to some outlying park. The owners of business buildings in the neighborhood of Pershing Square spend large amounts of money to the feeding of pigeons at the park.

Padess, according to the confessor, who is said to have made, entered the Weinstock store yesterday morning and paid down a \$1 deposit on a suit. Several hours later he returned to the store and paid another \$1.50 bill according to his purported confession.

When Weinstock opened the cash register to make change Padess is said to have covered him with a revolver and threatened him with death unless he turned over all the money in the store.

OPENS WAR ON PARK BIRDS

City Council Committee Approves Drawing up of Ordinance to Stop Pershing Square Feeding

FAIRY TALE FAILS WITH 'HIS HONOR'

Union Labor Leader Awaits Sentence on Conviction of Narcotics Sale

P. C. Steckel, a bellmaker, and prominent in organized-labor circles, pleaded guilty to a violation of the H. J. Miller-Jones narcotic law, in U. S. District Judge Bledsoe's court yesterday.

Steckel had been active in labor disputes on the Pacific Coast previous to his arrest last May on the narcotic charge, and Judge Bledsoe thought it was his prominence that man of his prominence in labor circles was unable to give him a trial.

WOMAN DEFENDS BIRDS

Mrs. Rosamond Rae Wright, alone of those appearing at yesterday's committee meeting spoke in defense of the pigeons, saying they were an attractive feature of the city, safe especially to tourists.

The committee's report will be given to the City Council this morning and, if adopted, an ordinance prohibiting the feeding of pigeons at Pershing Square and giving authority to the health department to remove the birds to some other park.

COURT JARS COMMISSION

Supreme Tribunal Decision Puts Constitutionality of State Motor Vehicle Act in Doubt

The constitutionality of the State Motor Vehicle Act was thrown in doubt yesterday afternoon when the State Supreme Court ruled that the State Highway Commission was not empowered to regulate rates of speed on highways. As the act expressly provides that the commission may regulate rates of speed when the occasion demands, the entire law may be declared invalid.

The court's ruling came in the case of Fred F. McLain, arrested on a charge of driving at an excessive rate of speed on a state highway.

McLain was sentenced to 15 days in jail.

Mr. McLain appealed the case to the Supreme Court on a habeas corpus writ, and the court agreed to hear the case.

LUGO ASKS FOR CO-OPERATION**Governor of Lower California Jonathan Club Guest****Pledges Aid to Officials to Aid Criminal Hunts****Mexican Visitor to Join in New Road Ceremony**

Responding to a most hearty welcome at the dinner guest at the Jonathan Club last evening of Dr. Ray D. Robinson and twenty-five delegates from the professional men of Los Angeles, Gov. Jose Ines Lugo of Lower California made an impassioned appeal to the people not only of the United States to forget all differences that may have existed in the past and think only of the future.

"I am very sorry," said the Governor, "not to be able to speak to you in your own language, so that I might convey to English-speaking people to me this wonderful reception you have tendered me. I wish to thank all the speakers who have welcomed me here this evening so kindly, from the bottom of my heart. Mexico, my friends and I have tried to do what we will have more. But today has overcome under President Obregon one of the great thorns that for years kept creeping through her physical and political soul. The spirit of reconstruction is sweeping my country. I ask in the name of humanity for myself and for my President and my country co-operation from brother countries and particularly from this great United States.

CO-OPERATION NECESSARY

"Co-operation is necessary for the real materialization of the new and the constructive idea of this great sister republic of yours. Mexico has given under Gen. Obregon ample evidence of its good intentions. It has arranged to take care of its own frontiers. We lack funds for the proper development of our great resources which have hardly been scratched. We beg and plead for the right to work and to obliterate the imaginary boundary line between the two republics.

"True lack of education and extreme militarism have in the past held Mexico from making progress. The day is not far distant, I predict, when the only military power in Mexico will be its constabulary for the sole purpose of maintaining law and order. The day, too, will come under the present administration of President Obregon.

"We here are friends and between us both states the desire that my people are to assimilate the ideas and education of your country. Today in Mexico, even in the smallest schools, schools have been established. We are striving to overcome illiteracy and we are bound to succeed.

FOR AMERICAN AID

"We need aid from your country to rehabilitate and we promise you protection under our laws. Let us overcome this needless superstition. Personally, I promise all co-operation in my power. I think I voice the sentiment of my President when I speak for Gen. Obregon. We of Mexico will welcome the day when proper recognition exists between the two republics. That day is not far distant."

Mayer Cryer, Dr. Robinson, Judge Goodell and other guests briefly welcomed Gov. Lugo and such expressions of hope at the relations between the two republics would soon be much better cemented.

Present at last evening's dinner party were Dr. Gifford, State Auditor; William Bishop, State Auditor; Adams, J. W. Cline, Horace Averill, Clinton Miller, Windsor Soule, Dr. George White and P. A. Stanton, State Auditor; Judge Goodell, E. L. Marshall, C. J. Velazquez, representative in California of the Minister of Colonization and Agriculture of Mexico; Mexican Consul General, Senor Vasquez, Dr. Ray Robinson, H. H. Cash, P. E. Peterson and C. H. Rapp.

TO HEAD OFF CRIMINALS

While seeking co-operation with California authorities, the apprehending criminals who seek sanctuary in Mexico was promised yesterday by Gov. Lugo at a luncheon given by Sheriff Traeger at the Los Angeles Hotel.

Gov. Lugo asserted that he would extend all possible aid to California officials in apprehending and extraditing criminals who are wanted in this State. He assured Sheriff Traeger that his administration that he would continue in his policy of strict law enforcement and made it plain he was opposed to the harboring of criminals in Mexico.

Several other Mexican representatives spoke along similar lines and promised their support in the work of running down lawbreakers and fugitives to their country.

Sheriff Traeger, who had met the Mexican representatives for their assurances and co-operation in the past.

Present at the luncheon were also Dr. Gifford, Los Angeles City Auditor; William Bishop, State Auditor; Adams, J. W. Cline, Horace Averill, Clinton Miller, Windsor Soule, Dr. George White and P. A. Stanton, State Auditor; Judge Goodell, E. L. Marshall, C. J. Velazquez, representative in California of the Minister of Colonization and Agriculture of Mexico; Mexican Consul General, Senor Vasquez, Dr. Ray Robinson, H. H. Cash, P. E. Peterson and C. H. Rapp.

AT NEW ROAD CEREMONY

Gov. Lugo and Consul Garza Leon are keenly interested in the proposed highway work because it traverses territory that the Mexican government has been claiming as its own. It is the heart of this great highway in the Hollywood foothills.

Gov. Lugo and Consul Garza Leon are keenly interested in the proposed highway work because it traverses territory that the Mexican government has been claiming as its own. It is the heart of this great highway in the Hollywood foothills.

Preceding the ground-breaking ceremony will be served the eighty guests by Stanley Anderson at the Beverly Hills Hotel.

At the luncheon at the scenes of today's ceremonies about 1:30 p.m., Harry H. Merrick, chairman of the Hollywood Foothills Improvement Association, will preside. Mayor Cryer will turn the first spade full of earth. Mr. Mer-

DRY OFFICIALS GET FALSE TIP**Agents Find Reported Rum-Running Craft Is Booseless****BY A. P. NIGHT WIRE: SAN FRANCISCO, Feb. 7.**

A squad of prohibition agents hastened to Musser Rock, south of here, today in response to a report that an unidentified rum-running craft had been wrecked. The officers returned empty-handed, but with a firm conviction that someone was having fun at their expense.

The wrecked vessel, it developed, was the disabled motorship Sierra. And the supposed whisky cases tossing on the waves were found on close inspection to be nothing more than lumber jettisoned from the Sierra.

SPRINGVILLE, Feb. 7.—Two powerful ultra violet ray lamps of the latest type have been installed at Tulare Kings Counties Tuberculosis Sanatorium here. They were recommended for the institution by Dr. D. T. Melvin, attending physician and president of the Tulare County Foothills Improvement Association, who will introduce William G. McAdoo, chairman of the Board of the City Water Department, in whose honor the highway is named.

SCOUTS PLAN HIKE

VISALIA, Feb. 7.—Plans for a three-day trip to Camp Nelson, March 12-13-14, at which time schools of the county will be closed for the vacation, were announced by the Hollywood Foothills Improvement Association, who will introduce William G. McAdoo, chairman of the Board of the City Water Department, in whose honor the highway is named.

CHIEF IN CHARGE

Then Mr. Merrick will turn the ceremonies over to Executive Committee members of the Foothills Improvement Association, who will introduce William G. McAdoo, chairman of the Board of the City Water Department, in whose honor the highway is named.

SCOUTS PLAN HIKE

PORTERVILLE, Feb. 7.—Twenty-one pupils of Porterville Union High School will make the distinction of being the first to leave for the first semester, according to Principal W. A. Ferguson. Twenty-one additional students received 1's in all but one subject, making the honor roll for the school year.

SCOUTS GET CHARTER

DINUBA, Feb. 7.—The first charter to be issued to a Boy Scout troop in Northern Tulare county was presented the boys of Dinuba's American Legion Post No. 1. G. Myron, chairman of the district's Council, McComb, former chairman of the district's certificate to Andrew Graham, complimenting the faithful and hard-working members among the boys by Mr. Graham, A. Thomas, County Scout executive, was guest of honor.

TWO PLEAD GUILTY

ADAMS Attempted Robbery of Filling Stations

BY EXCLUSIVE DISPATCHER: VISALIA, Feb. 7.—Oliver Louis Tribble and A. M. Meadows pleaded guilty to attempted robbery of the Shell and Standard Oil filling stations here last week when arraigned before Superior Judge W. B. Wallace and J. A. Allen this morning. Both asked for probation.

DOG BITES CHILD AND TEARS UP TROUSERS

PATROLMAN DONS NEW SUIT AND STARTS OUT AFTER VIOLENT CANINE

A savage dog that bit little Virginia Frits, 9 years old, 2141 Sunrise Court, last night, apparently ruined a pair of trousers worn by Patrolman F. A. Knapp, who went in search of the dog after the little girl had been injured.

Little Virginia was treated at the Receiving Hospital for a wound on her leg and the officer, who does not know the dog, and who administered a severe beating, and held him until the arrival of the officers, who obtained the plunders.

The dog, however, escaped, only to be routed from a hay stack next morning by Constable Doyle of Dinuba as he prepared to feed his stock. Both men are from Tulare.

BEATS FIRE OUT, SAVES SON'S LIFE

RANCHER TRAPPED IN BURNING CABIN RESCUED FROM DEATH BY HIS AGED MOTHER

BY A. P. NIGHT WIRE: FRESNO, Feb. 7.—Trapped in a burning cabin in the rear of his home, following an early morning explosion, Emil Schwab, rancher, had a chance for his life through the presence of mind of his aged mother, who with her hands beat out the flames enveloping his body.

"Lord Dredlinon was here," the inspector announced, looking around.

"I am sorry," he said, "but I am afraid I have to have you go to the hospital." The man bowed and stood on one side as the doctor entered. The latter paused for a moment in astonishment as he looked upon the scene. Then he moved toward the side of this window and threw it up.

"Lord Dredlinon has been sitting for long in an atmosphere like this," he observed dryly. "He is not likely to have killed himself."

He glanced around with an air of distaste at Phipps and Rees, at the debris of the presumed dead, and stooped over the body of the man who had been lying on the floor. His examination lasted barely a minute. Then he rose to his feet.

"Lord Dredlinon is dead," he announced.

"I feared so," Wingate murmured.

"Will you call in some servants?" the doctor went on. "I should like the body carried into his lordship's study."

Grant appeared, quickly followed by two of his subordinates.

The melancholy little procession left the room, and Shields turned to follow it. As he reached the doorway, he stopped and glanced around toward Wingate.

"You know, he had the courage to do it. You know I shall do it. That's all."

There was a knock at the door. Grant opened it and stood on one side.

"Inspector Shields has called," he announced. "I thought you might like to have a word with him, sir."

CHAPTER XXIII

The Inspector blinked for a moment. The appearance of the room, with its closely drawn curtains and air of dissipation, was certainly strange, Wingate advanced to meet him.

"You called to see Lord Dredlinon, I believe, Inspector," he began. "The name is not familiar to me, sir. I am a friend of the family."

"I understand that Lord Dredlinon was here," the Inspector announced, looking around.

"I am sorry," he said, "but I am afraid I have to have you go to the hospital." The man bowed and stood on one side as the doctor entered. The latter paused for a moment in astonishment as he looked upon the scene. Then he moved toward the side of this window and threw it up.

"Lord Dredlinon has been sitting for long in an atmosphere like this," he observed dryly. "He is not likely to have killed himself."

He glanced around with an air of distaste at Phipps and Rees, at the debris of the presumed dead, and stooped over the body of the man who had been lying on the floor. His examination lasted barely a minute. Then he rose to his feet.

"Lord Dredlinon is dead," he announced.

"I feared so," Wingate murmured.

"Will you call in some servants?" the doctor went on. "I should like the body carried into his lordship's study."

Grant appeared, quickly followed by two of his subordinates.

The melancholy little procession left the room, and Shields turned to follow it. As he reached the doorway, he stopped and glanced around toward Wingate.

RANCHER TRAPPED IN BURNING CABIN RESCUED FROM DEATH BY HIS AGED MOTHER

BY A. P. NIGHT WIRE: FRESNO, Feb. 7.—Trapped in a burning cabin in the rear of his home, following an early morning explosion, Emil Schwab, rancher, had a chance for his life through the presence of mind of his aged mother, who with her hands beat out the flames enveloping his body.

"Lord Dredlinon was here," the inspector announced, looking around.

"I am sorry," he said, "but I am afraid I have to have you go to the hospital." The man bowed and stood on one side as the doctor entered. The latter paused for a moment in astonishment as he looked upon the scene. Then he moved toward the side of this window and threw it up.

"Lord Dredlinon has been sitting for long in an atmosphere like this," he observed dryly. "He is not likely to have killed himself."

He glanced around with an air of distaste at Phipps and Rees, at the debris of the presumed dead, and stooped over the body of the man who had been lying on the floor. His examination lasted barely a minute. Then he rose to his feet.

"Lord Dredlinon is dead," he announced.

"I feared so," Wingate murmured.

"Will you call in some servants?" the doctor went on. "I should like the body carried into his lordship's study."

Grant appeared, quickly followed by two of his subordinates.

The melancholy little procession left the room, and Shields turned to follow it. As he reached the doorway, he stopped and glanced around toward Wingate.

"You know, he had the courage to do it. You know I shall do it. That's all."

There was a knock at the door. Grant opened it and stood on one side.

"Inspector Shields has called," he announced. "I thought you might like to have a word with him, sir."

BEATS FIRE OUT, SAVES SON'S LIFE

RANCHER TRAPPED IN BURNING CABIN RESCUED FROM DEATH BY HIS AGED MOTHER
